

AR-15 HIPERSWITCH AMBIDEXTROUS SAFETY SELECTORS - HIPERFIRE HIPERSWITCH 60 AMBIDEXTROUS SAFETY SELECTOR RED

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

Known for their triggers, Hiperfire is continuing their work on fire control group parts with the Hiperswitch safety selectors. The Hiperswitch™ (High Performance Switch) is an ambidextrous safety for your AR15 or .308 ARs that is 100% compatible with HIPERFIRE® triggers. It features a 60 degree swing between SAFE and FIRE. The Hiperswitch levers are uniquely designed for tactile access making the selection action in either direction feel shorter than 60 degrees. The two full length levers are molded from an engineered polymer composite for strength and available in solid black or red color. The short throw selector's shaft is machined from 8620 alloy steel rod and case hardened for a precision feel and durability. The packaged product is easily assembled and installed by the user. 60° throw Ambidextrous 100% compatible with Hiperfire triggers Additional parts include lever set screws (2), safety detent (1), safety detent spring (1), and a set screw Allen key.

AR15 HIPERSWITCH AMBIDEXTROUS SAFETY SELECTORS USER MANUAL

Introduction

Thank you for choosing the AR15 Hiperswitch Ambidextrous Safety Selector. This product is designed to enhance the safety and functionality of your AR15 or .308 ARs. Please read this manual carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure that the firearm is unloaded before installing or handling the safety selector.
- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and its components in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm safety and usage.
- Familiarize yourself with the operation of the safety selector before use.

Specific Safety Precautions for Use

- The Hiperswitch is designed for use on AR15 and .308 AR platforms only. Do not attempt to use it on other firearms.
- Ensure that the safety selector is fully engaged in either the SAFE or FIRE position before handling the firearm.
- Regularly inspect the safety selector for wear or damage. If any issues are found, discontinue use and replace the component.
- Keep fingers clear of the selector levers when manipulating the firearm to prevent accidental engagement.
- If you are unsure about the operation of the safety selector, seek guidance from a qualified firearms instructor.

Instructions for Installation and Usage

Installation

1. **Gather Necessary Tools:** You will need a set screw Allen key (included) to install the safety selector.
2. **Remove Existing Safety Selector:** If applicable, carefully remove the existing safety selector from your firearm.
3. **Install the Hiperswitch:**
 - Align the safety selector shaft with the receiver of the firearm.
 - Insert the safety selector into the designated slot.
 - Secure the safety selector using the provided set screws. Ensure they are tightened adequately but do not overtighten.
4. **Check Functionality:**
 - Move the safety selector between SAFE and FIRE positions to ensure smooth operation.
 - Confirm that the selector engages fully in both positions.

Usage

- To engage the safety, rotate the lever to the SAFE position.
- To disengage the safety, rotate the lever to the FIRE position.
- The 60degree throw allows for quick and efficient operation of the safety selector.
- Always confirm the status of the safety selector before firing.

Disposal Instructions

- Dispose of the Hiperswitch safety selector in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal facilities.

Contact Information for Further Support

For any questions, concerns, or to report unsafe products, please reach out to the appropriate local authorities or your retailer.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on responsible firearm handling and maintenance.
