

# TRI-CAV 1911 TRIGGER - HARRISON DESIGN & CONSULTING TRI-CAV 1911 TRIGGER, NATURAL, LONG

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

Featuring the same design attributes that have made Harrison Design triggers a must-have on custom 1911s across the country, we are proud to release the newest Harrison Design trigger, the Tri-Cav! The Tri-Cav sets itself apart from the traditional H-D Extreme Service triggers with solid shoes, while still offering the same features you've grown to expect. Three lightening cavities are machined into the trigger shoe to lighten it and give it a special appearance. All Tri-Cav triggers are made with hardened stainless steel bows that are micro-polished to reduce friction. The Tri-Cav aluminum shoes are oversize in height allowing fitting to the individual pistol. The "B" trigger is treated with Black DLC coating, for an all-black trigger. The "N" trigger is natural aluminum and stainless steel for an all silver trigger. The face of the trigger shoe is smooth; free from serrations and holes for the over-travel screw that can chafe and abrade your trigger finger during long training sessions. The fixed over-travel stop is permanently locked in place so it can't creep in and render your pistol inoperative in an emergency. The initial adjustment to the over-travel stop is made by filing and re-testing until the correct amount of over-travel is achieved. Tri-Cav triggers are offered in long size only due to size constraints encountered. This trigger does not fit EMPs ! Note that fitting by a knowledgeable installer is required to install this part.

## Attributes

- Name: [HARRISON DESIGN & CONSULTING TRI-CAV 1911 TRIGGER, NATURAL, LONG](#)
- Manufacturer: [HARRISON DESIGN & CONSULTING](#)
- Product no.: 100032625
- Mfr. No.: HD-104-N
- Finish: Natural
- Style: Long
- Weapon type: 1911
- Delivery weight: 0.014kg
- Shipping height: 25mm
- Shipping width: 83mm
- Shipping length: 152mm

## Item details

Made in USA  
US export classification: 0A501.c

# TRICAV 1911 Trigger Safety Instruction Guide

## Introduction

Thank you for choosing the TRICAV 1911 Trigger by Harrison Design & Consulting. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your trigger. We encourage you to read this document carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the TRICAV 1911 Trigger is compatible with your specific 1911 model before installation.
- Always handle firearms with care and follow standard safety practices when working with or around firearms.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Regularly inspect your trigger for wear and tear, and replace it if any damage is detected.
- If you notice any irregularities in the trigger's performance, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- The TRICAV 1911 Trigger is designed for use with 1911style pistols only. Do not attempt to use it with other firearm models.
- Ensure that the firearm is unloaded before installing or adjusting the trigger.
- Avoid touching the trigger while the firearm is loaded to prevent accidental discharge.
- Be aware of the fixed overtravel stop feature, which should be adjusted carefully to prevent malfunction.
- Use appropriate personal protective equipment (PPE) such as safety glasses when making any adjustments or installations.

## Instructions for Installation and Usage

### 1. Preparation for Installation

- Gather necessary tools, including a file, screwdriver, and any other tools recommended by the manufacturer.
- Ensure that your workspace is clean and free of distractions.

### 2. Installing the TRICAV 1911 Trigger

- Unload your firearm and ensure it is in a safe condition.
- Remove the existing trigger from your 1911 by following the manufacturer's instructions.
- Install the TRICAV Trigger by aligning it with the trigger bow and securing it in place.
- Adjust the overtravel stop by filing it carefully and testing the trigger until the desired overtravel is achieved.

### 3. PostInstallation Checks

- After installation, conduct a function check to ensure that the trigger operates correctly.
- Test the trigger in a safe environment, away from others, to confirm that it is functioning as intended.

## Disposal Instructions

- Dispose of the TRICAV 1911 Trigger responsibly, in accordance with local regulations.
- Do not throw the trigger or its components in regular household waste. Instead, contact a local waste

management facility for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the TRICAV 1911 Trigger, please contact your local dealer or the manufacturer directly. Ensure you have your product details ready for reference.

## **Conclusion**

Following these safety instructions will help ensure that you use the TRICAV 1911 Trigger safely and effectively. For any concerns or questions regarding safety, please consult a qualified professional. Thank you for your attention to safety and for choosing our product.
