**Love Your FN Pistol But Wish for a Better Trigger? Here's the Solution!**

Apex Tactical's FN 509 Action Enhancement Kit will give your pistol a lighter, smoother trigger pull with less pre-travel, shorter overall pull length, AND a shorter (therefore faster) reset. Like Apex's Action Enhancement kits for the S&W M&P and SIG pistols, it's an easy-to-install replacement for your 509's factory trigger, trigger bar, and sear - basically a drop-in DIY trigger job! FN 509 owners who are a little handy with tools and comfortable following instructions can do the job themselves. Drop-in replacement for factory trigger, trigger bar & sear Will not alter function of factory safeties Machined aluminum "flat-faced" trigger shoe with matte black hard-anodized finish Polished stainless steel sear & trigger bar Fits FN 509 chambered in 9mm Luger OR .40 S&W Available in Black, Red, and FDE When installed, the Apex FN 509 Action Enhancement Kit will reduce the trigger pull weight to approximately 5.5 lbs.; actual weight will vary slightly from one FN 509 to another. Rather than the OK-but-not-great feel of the plastic factory trigger, Apex's trigger is made of machined aluminum with their trademark "Flat Face." Many shooters prefer the flat face for its more comfortable feel and precise control akin to a 1911 target trigger. At the same time the "AEK" will not alter the function or reliability of your 509's factory trigger safety, firing pin safety, drop safety, or out-of-battery safety.

## **Attributes**

- Name: [APEX TACTICAL SPECIALTIES INC FN 509 ACTION ENHANCEMENT TRIGGER KIT](#)
- Manufacturer: [APEX TACTICAL SPECIALTIES INC](#)
- Product no.: 100032665

# FN 509 Action Enhancement Trigger Kit Safety Instruction Guide

## Introduction

Thank you for choosing the FN 509 Action Enhancement Trigger Kit from Apex Tactical Specialties Inc. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that you are in a safe environment when handling your firearm.
- Follow all local laws and regulations regarding firearm modifications and use.
- Keep the trigger kit out of reach of children and unauthorized users.
- Regularly inspect your firearm and the trigger kit for any signs of wear or damage.
- If you experience any issues with the trigger kit, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before beginning installation.
- Wear appropriate safety gear, such as safety glasses, during installation.
- Follow all manufacturer instructions carefully to avoid improper installation.
- Do not attempt to modify the trigger kit or any other parts of the firearm beyond the provided instructions.
- Be aware that altering the trigger may affect the firearm's safety mechanisms; ensure that all safety features are functional after installation.
- Familiarize yourself with the operation of the trigger kit before using the firearm.

## Instructions for Installation and Usage

### Installation Instructions

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a punch set and a small hammer.
2. **Unload Firearm:** Confirm that your FN 509 is completely unloaded and in a safe condition.
3. **Remove Factory Trigger:**
  - Disassemble the firearm according to the manufacturer's instructions.
  - Carefully remove the factory trigger, trigger bar, and sear.
4. **Install Apex Trigger Kit:**
  - Insert the new trigger, trigger bar, and sear from the Apex kit into the designated slots.
  - Ensure all components are seated properly and securely.
5. **Reassemble Firearm:** Follow the manufacturer's instructions to reassemble the firearm.
6. **Function Check:**
  - Perform a function check to ensure that the trigger operates correctly.
  - Confirm that all safety mechanisms are functioning properly.
7. **Test Fire:** Once satisfied with the installation, conduct a test fire in a safe environment.

### Usage Instructions

- Use the FN 509 Action Enhancement Trigger Kit only with the FN 509 chambered in 9mm Luger or .40 S&W.
- Regularly check the trigger pull weight; it should be approximately 5.5 lbs.
- Practice safe firearm handling techniques at all times.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the trigger kit needs to be replaced, dispose of it in a responsible manner, ensuring it does not pose a risk to others.

## **Contact Information for Further Support**

For any questions or concerns regarding the FN 509 Action Enhancement Trigger Kit, please consult the manufacturer's website or contact their customer support for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe use of your FN 509 Action Enhancement Trigger Kit. Always prioritize safety and responsible handling practices while enjoying your enhanced shooting experience.
