

HELLFIRE 2P SELF TIMING MUZZLE BRAKE - AREA 419 6MM

HELLFIRE 2P (22-6MM) MUZZLE BRAKE, BLACK

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Optimized Brake for Barrels of 20 or Less

The Area 419 HELLFIRE 2P Muzzle Brake is designed to provide an optimized brake for Semi-Automatic and/or hunting weapons systems with barrels of 20" or less. This brake will offer the greatest performance possible while maintaining shooter comfort. The HELLFIRE is extremely easy to install, and the brake will not turn as you torque the collar to lock. Simple round knurled nut that requires no tools to time the brake. Made from heat treated 17-4PH Stainless Steel Brakes will be available in Black Nitride finish (all universal adapters will be black) Manufactured on state of the art CNC Machines right here in NW Ohio. 100% Made in USA. 1" OD Brake, 1.1" OD collar (meets 3-Gun standard for limited class) Brake assembly will add 2.6" from the thread shoulder (approx 2" added to OAL of barrel) Slightly rearward facing ports offer the ideal balance of recoil reduction and shooter comfort. A proprietary port design controls muzzle rise without the use of top porting. The face of the HELLFIRE brake is engraved with caliber to indicate the top for correct orientation, and a horizontal line to aid in leveling.

HELLFIRE 2P Self Timing Muzzle Brake Safety Instruction Guide

Introduction

Thank you for choosing the HELLFIRE 2P Self Timing Muzzle Brake by Area 419. This guide provides important safety information and instructions to ensure the safe use and installation of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the muzzle brake is compatible with your firearm before installation.
- Always handle firearms with care and follow all safety protocols.
- Keep the muzzle brake out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for any signs of wear or damage.
- If you notice any defects or irregularities, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when installing the muzzle brake.
- Ensure that the muzzle brake is securely attached before firing the firearm.
- Avoid using the firearm in wet or humid conditions to prevent corrosion.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use appropriate hearing and eye protection when firing.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a torque wrench and a clean cloth.

2. Installation Steps

- Remove the existing muzzle device from your firearm.
- Clean the muzzle threads on the barrel to ensure proper fit.
- Align the HELLFIRE 2P Muzzle Brake with the threads on the barrel.
- Handtighten the muzzle brake until snug.
- Use a torque wrench to tighten the collar to the manufacturer's recommended torque setting.
- Ensure the muzzle brake does not rotate during tightening.

3. Usage

- After installation, check the alignment of the muzzle brake. The engraved caliber should be facing up.
- Fire the firearm in a safe environment, monitoring for any unusual behavior from the muzzle brake.
- Regularly check the muzzle brake after use for any signs of loosening or damage.

Disposal Instructions

- Dispose of the HELLFIRE 2P Muzzle Brake in accordance with local regulations.
- If the product is damaged or no longer usable, contact your local waste management for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the HELLFIRE 2P Muzzle Brake, please reach out to the appropriate customer support channels provided by the manufacturer or retailer.

Please remember that safety is paramount when using any firearm accessory. Always prioritize correct handling and maintenance to ensure a safe shooting experience.
