Best All-Around Bolt Knob for Your Precision Rifle

This bolt knob was designed by Area 419 to be the best all-around bolt knob for competition and general use. Its main feature is the finger groove which allows you to manipulate the bolt with just your pointer finger without searching for the ideal position each time. Made in the USA from 6061-T6 aluminum and anodized flat black. Defiance and Remington bolt knobs are threaded 5/16"-24. Remington knobs are 1-5/8" long to accommodate shorter bolt handles Bergara bolt knobs are threaded M6x1 Mausingfield bolt knobs are internally threaded 10-32. Will only work on Mausingfield and Nucleus Bolts. Your finger automatically catches in the groove to assure the fastest, smoothest bolt manipulation. There are two knurled surfaces located on either side of the groove to give a sure grip.

Safety Instruction Guide for 419 BOLT KNOB AREA 419 REMINGTON 700

Introduction

Thank you for choosing the 419 BOLT KNOB AREA 419 REMINGTON 700. This product is designed to enhance your shooting experience by providing a reliable and ergonomic bolt knob for your Remington 700 rifle. Before using this product, please read this safety instruction guide carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure that the bolt knob is compatible with your firearm before installation.
- Always handle firearms safely and responsibly, following all applicable laws and regulations.
- Keep the bolt knob and your firearm out of reach of children and unauthorized users.
- Regularly inspect the bolt knob for wear and damage. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using your firearm.
- Ensure that the firearm is unloaded before installing or adjusting the bolt knob.
- Do not force the bolt knob onto the bolt handle. If it does not fit, do not attempt to modify it.
- Avoid using excessive force when manipulating the bolt knob to prevent injury or damage.
- Be aware of your surroundings and ensure a safe environment when using your firearm.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing bolt knob from the bolt handle by unscrewing it counterclockwise.
- Align the threads of the 419 BOLT KNOB with the bolt handle and screw it on clockwise until secure.
- Ensure the knob is tightened adequately but do not overtighten to avoid stripping the threads.

2. Usage:

- To operate the bolt, place your pointer finger in the finger groove of the knob.
- Use the knurled surfaces on either side of the groove for a secure grip.
- Manipulate the bolt smoothly and consistently, ensuring your finger remains in the groove for optimal control.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling facility if available.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the 419 BOLT KNOB AREA 419 REMINGTON 700. Stay safe!
