

SWITCHBLADE PACK - EBERLESTOCK SWITCHBLADE PACK BLACK

[Emergency & Survival Gear](#) > [Backpacks & Bags](#) > [Backpacks](#)

The idea that a knife can be safely carried in your pocket, but rapidly deployed is appealing to many. Eberlestock has taken that same concept and put it into its Switchblade pack. A magnetic opening handgun sleeve, now with a Nylex material backing for attaching holsters, is the quickest and safest way to pull a pistol from your pack. This mid-size Switchblade EDC pack keeps a low profile, while maximizing space and organization. Open the top lid pocket and you will find two magazine pouches, and other small organizing features. The front of the pack features an oversized pocket for quick access to your important items. On each side is a pair drawstring cupholder pockets, as well as a side zip pocket, big enough for a spotting scope, small tripod, or other long items. Rare-earth magnetic openings allow quick access to handgun concealed carry pouches from either side of the pack. Loop-velcro PALS webbing inside allows you to rack either MOLLE- or velcro-backed accessories. Interior pockets for hydration bladder, mags, small item organizers, and more. Detachable harness. New MOLLE-10 webbing offers the ability to carry standard 3-row MOLLE accessories, with a 60% weight savings over standard 25mm MOLLE matrixes. Featuring Eberlestock's quick access, grab and go zip-away top, allowing full frontal or top loading access to the main compartment. Inside you will find a document divider for an iPad, laptop, other electronics or even a short-barreled rifle. Additionally, there are elastic sleeves for organizing smaller items that are hydration compatible. On the inside and outside is 10mm MOLLE webbing. It functions the same as traditional MOLLE but weighs 60% less. Nylex material inside allows you to attach hook and loop accessories. Finally the Switchblade pack transforms into an extremely versatile day hunting pack, by simply adding a hipbelt (not included). Furthermore turn it into a load bearing compatible day pack by removing the harness and attaching it to our Carrier Frame using the ACHK or ACHQ Hookup Kit.

Eberlestock Switchblade Pack Safety Instruction Guide

Introduction

Thank you for choosing the Eberlestock Switchblade Pack. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your pack. Please read the entire guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** The Switchblade Pack is designed for safe use. Always ensure that you are familiar with its features and functions.
- **Enhanced Recalls:** In the event of a product recall, you will receive standardized notices. Ensure you stay informed about any updates regarding your product.
- **Online Shopping:** If purchased online, remember that you have the same rights and protections as if you bought it in a physical store.
- **Special Consumer Focus:** This product is not intended for use by children. Keep the pack and its components out of reach of children to avoid accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the EU-based contact information provided with the product packaging.
- **Rapid Alerts:** Stay updated on product safety information through the EU Safety Gate system.

Specific Safety Precautions for Use

- **Carrying Firearms:** Ensure that any firearm stored in the pack is unloaded and secured in the designated handgun sleeve. Always follow local laws regarding firearm storage and transport.
- **Weight Limit:** Do not exceed the recommended weight limit of the pack. Overloading may cause strain and increase the risk of injury.
- **Proper Use of Pockets:** Use pockets and compartments as intended. Do not force items into pockets that do not fit, as this may damage the pack.
- **Avoid Sharp Objects:** Be cautious when placing sharp objects inside the pack. Ensure they are securely stored to prevent injury when accessing the pack.
- **Hydration Bladder:** If using a hydration bladder, ensure it is properly sealed to avoid leaks and damage to the pack.
- **Detachable Harness:** When using the detachable harness, make sure it is securely attached to prevent accidental detachment during use.
- **Load Bearing Compatibility:** If converting the pack to a loadbearing compatible day pack, ensure that all connections are secure and the pack is properly adjusted for your body.

Instructions for Installation and Usage

1. Initial Setup:

- Unpack the Switchblade Pack and ensure all components are included.
- Familiarize yourself with the pack's features, including pockets, zippers, and attachment points.

2. Adjusting the Harness:

- If using the harness, adjust the straps to fit comfortably on your shoulders.
- Ensure that the harness is properly secured to prevent slipping during use.

3. Storing Firearms:

- Open the magnetic handgun sleeve and insert your firearm, ensuring it is unloaded.
- Close the sleeve securely to prevent accidental access.

4. **Organizing Items:**

- Utilize the internal pockets for magazines, small item organizers, and hydration bladders.
- Use the oversized front pocket for quick access to essential items.

5. **Using MOLLE Webbing:**

- Attach MOLLE accessories to the internal loopvelcro PALS webbing as needed.
- Ensure that all attachments are secure and do not obstruct access to the main compartment.

6. **Hydration Bladder Installation:**

- If using a hydration bladder, place it in the designated pocket and connect the hose to the exterior opening for easy access.

7. **Converting to Load Bearing:**

- To convert the pack into a loadbearing compatible pack, remove the harness and attach it to the Carrier Frame using the ACHK or ACHQ Hookup Kit.

8. **Final Check:**

- Before use, perform a final check to ensure all components are secure and the pack is ready for use.

Disposal Instructions

- **Recycling:** When the pack reaches the end of its life, consider recycling it. Check local regulations for proper disposal methods.
- **Environmental Considerations:** Do not dispose of the pack in regular trash. Follow local guidelines for disposing of synthetic materials.
