Love Your FN Pistol But Wish for a Better Trigger? Here's the Solution!

Apex Tactical's FN 509 Action Enhancement Kit will give your pistol a lighter, smoother trigger pull with less pre-travel, shorter overall pull length, AND a shorter (therefore faster) reset. Like Apex's Action Enhancement kits for the S&W M&P and SIG pistols, it's an easy-to-install replacement for your 509's factory trigger, trigger bar, and sear - basically a drop-in DIY trigger job! FN 509 owners who are a little handy with tools and comfortable following instructions can do the job themselves. Drop-in replacement for factory trigger, trigger bar & sear Will not alter function of factory safeties Machined aluminum "flat-faced" trigger shoe with matte black hard-anodized finish Polished stainless steel sear & trigger bar Fits FN 509 chambered in 9mm Luger OR .40 S&W Available in Black, Red, and FDE When installed, the Apex FN 509 Action Enhancement Kit will reduce the trigger pull weight to approximately 5.5 lbs.; actual weight will vary slightly from one FN 509 to another. Rather than the OK-but-not-great feel of the plastic factory trigger, Apex's trigger is made of machined aluminum with their trademark "Flat Face." Many shooters prefer the flat face for its more comfortable feel and precise control akin to a 1911 target trigger. At the same time the "AEK" will not alter the function or reliability of your 509's factory trigger safety, firing pin safety, drop safety, or out-of-battery safety.

Attributes

- Name: [FN 509 ACTION ENHANCEMENT TRIGGER KIT, FDE](#)
- Manufacturer: [APEX TACTICAL SPECIALTIES INC](#)
- Product no.: 100032730

FN 509 Action Enhancement Trigger Kit Safety Instruction Guide

Introduction

Thank you for choosing the FN 509 Action Enhancement Trigger Kit by Apex Tactical. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the FN 509 Action Enhancement Trigger Kit is compatible with your FN 509 model.
- Always handle firearms with care and follow the basic rules of gun safety.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product regularly for any signs of wear or damage.
- Do not use the trigger kit if you notice any irregularities or defects.
- Be aware of your local laws and regulations regarding firearm modifications.

Specific Safety Precautions for Use

- The FN 509 Action Enhancement Trigger Kit is designed for use with FN 509 pistols only. Using it with other models may result in malfunctions or safety hazards.
- Always ensure that your firearm is unloaded before installation or maintenance.
- Follow all installation instructions carefully to avoid improper installation that could lead to unsafe conditions.
- Do not modify the trigger kit or any of its components beyond the manufacturer's specifications.
- If you are unsure about the installation process, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

Installation Steps

1. Preparation

- Ensure your workspace is clean and welllit.
- Gather necessary tools (screwdriver, punch tool, etc.) for installation.
- Make sure to have your FN 509 pistol and the FN 509 Action Enhancement Trigger Kit ready.

2. Safety Check

- Confirm that the firearm is unloaded.
- Remove the magazine and visually inspect the chamber.

3. Remove Factory Trigger

- Follow the manufacturer's instructions to disassemble your FN 509.
- Carefully remove the factory trigger, trigger bar, and sear.

4. Install Apex Trigger Kit

- Insert the new trigger, trigger bar, and sear from the Apex kit into the firearm.
- Ensure all components are seated properly and securely.

5. Reassemble Firearm

- Carefully reassemble your FN 509, ensuring all parts are in their correct positions.
- Perform a function check to ensure proper operation.

6. Final Safety Check

- Once reassembled, again confirm that the firearm is unloaded.
- Test the trigger pull to ensure it meets your expectations.

Usage

- After installation, familiarize yourself with the new trigger feel and function.
- Always practice safe firearm handling techniques when using your FN 509.
- Regularly check the function of the trigger kit to ensure it operates correctly.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If you need to dispose of the FN 509 Action Enhancement Trigger Kit, follow local guidelines for electronic and metal waste disposal.

Contact Information for Further Support

For any inquiries or support regarding the FN 509 Action Enhancement Trigger Kit, please refer to the manufacturer's contact details provided on the packaging or in the product documentation.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your FN 509 Action Enhancement Trigger Kit. Always prioritize safety and proper handling to protect yourself and others. Thank you for your attention and commitment to responsible firearm ownership.
