## Love Your FN Pistol But Wish for a Better Trigger? Here's the Solution!

Apex Tactical's FN 509 Action Enhancement Kit will give your pistol a lighter, smoother trigger pull with less pre-travel, shorter overall pull length, AND a shorter (therefore faster) reset. Like Apex's Action Enhancement kits for the S&W M&P and SIG pistols, it's an easy-to-install replacement for your 509's factory trigger, trigger bar, and sear - basically a drop-in DIY trigger job! FN 509 owners who are a little handy with tools and comfortable following instructions can do the job themselves. Drop-in replacement for factory trigger, trigger bar & sear Will not alter function of factory safeties Machined aluminum "flat-faced" trigger shoe with matte black hard-anodized finish Polished stainless steel sear & trigger bar Fits FN 509 chambered in 9mm Luger OR .40 S&W Available in Black, Red, and FDE When installed, the Apex FN 509 Action Enhancement Kit will reduce the trigger pull weight to approximately 5.5 lbs.; actual weight will vary slightly from one FN 509 to another. Rather than the OK-but-not-great feel of the plastic factory trigger, Apex's trigger is made of machined aluminum with their trademark "Flat Face." Many shooters prefer the flat face for its more comfortable feel and precise control akin to a 1911 target trigger. At the same time the "AEK" will not alter the function or reliability of your 509's factory trigger safety, firing pin safety, drop safety, or out-of-battery safety.

## Attributes

- Name: [APEX TACTICAL SPECIALTIES INC FN 509 ACTION ENHANCEMENT TRIGGER KIT, RED](#)
- Manufacturer: [APEX TACTICAL SPECIALTIES INC](#)
- Product no.: 100032731

# FN 509 Action Enhancement Trigger Kit Safety Instruction Guide

## Introduction

Thank you for choosing the FN 509 Action Enhancement Trigger Kit from Apex Tactical Specialties Inc. This guide provides essential safety instructions, installation procedures, and usage recommendations to ensure your safety and the optimal performance of your product. Please read this guide carefully before use.

## General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it is not.
- Ensure that the firearm is pointed in a safe direction when handling.
- Keep your finger off the trigger until you are ready to shoot.
- Store your firearm and ammunition separately and securely to prevent unauthorized access.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the FN 509 Action Enhancement Trigger Kit is compatible with your specific model of FN 509 chambered in 9mm Luger or .40 S&W.
- Do not modify the trigger kit or attempt to use it with other firearms.
- Ensure that all safety features of the FN 509 are functioning correctly after installation.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the trigger kit and firearm out of reach of children and untrained individuals.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your FN 509 is unloaded and free of ammunition.
- Gather necessary tools (screwdriver, punch, etc.) for installation.
- Find a clean, welllit workspace.

### 2. Installation Steps:

- Remove the slide from the FN 509 frame.
- Carefully remove the factory trigger, trigger bar, and sear as per the manufacturer's instructions.
- Install the Apex FN 509 Action Enhancement Trigger Kit by following these steps:
  - Place the new trigger shoe into the frame.
  - Attach the trigger bar to the trigger shoe and ensure it is properly seated.
  - Install the sear into its designated location.
- Reassemble the slide and frame, ensuring all components are secure.

### 3. Testing:

- After installation, conduct a function check to ensure that the trigger operates smoothly.
- Verify that the factory safety features (trigger safety, firing pin safety, drop safety, and outofbattery safety) are functioning correctly.

### 4. Usage:

- Familiarize yourself with the new trigger feel before using it in a livefire scenario.
- Practice safe firearm handling and shooting techniques at all times.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If you decide to discontinue the use of the FN 509 Action Enhancement Trigger Kit, it is recommended to return it to the manufacturer for proper disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the FN 509 Action Enhancement Trigger Kit, please refer to the manufacturer's website or customer support resources for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your FN 509 Action Enhancement Trigger Kit. Thank you for your attention to safety and responsible firearm handling.
