

SHORT FIELD TRIPOD - SHADOWTECH SHORT FIELD TRIPOD OD GREEN

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scope Accessories](#)

Super Versatile Field Tripod Built for Hard Outdoor Use

Made especially for coyote and deer hunters who often hunt from kneeling or sitting positions, the compact PIG0311-GS Short Tripod from ShadowTech is a rock solid shooting platform that easily goes where you go. The heavy-duty adjustable legs are built to withstand the recoil of a .50 cal., plus you can easily switch between rubber or spike feet to meet your shooting situation. PIG0311-GS Short Tripod's center column rotates a full 365° (!) and drops all the way down to 9.25" for shooting in a high prone position. A removable, load bearing hook at the bottom of the center column allows you to hang a backpack or other weight for increased increase tripod stability. Supports up to 26 lbs. Easy to transport due to lightweight magnesium body & aluminum legs Three-section extending legs by operating the cam levers Height adjusts from 9.25" to 39.5" AND any height in between 3/8" mount thread Comes interchangeable rubber & spike feet The ShadowTech PIG0311-GS Short is a versatile, no-nonsense field tripod. It's beefed up specs, tight construction tolerances, and shooter-friendly features are usually found on far more expensive 'pods. When you're not using it, throw it in a backpack on in your truck and it won't mind - it's built that tough!

Safety Instruction Guide for ShadowTech Short Field Tripod PIG0311GS

Introduction

Thank you for choosing the ShadowTech Short Field Tripod PIG0311GS. This guide provides essential safety instructions to ensure the safe and effective use of your tripod. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure the tripod is set up on a stable and level surface to prevent tipping.
- Do not exceed the maximum load capacity of 26 lbs to avoid structural failure.
- Always inspect the tripod for any damage or wear before each use.
- Keep the tripod away from children and vulnerable individuals to prevent accidents.
- Familiarize yourself with the tripod's features and adjustments before using it in the field.
- Follow local laws and regulations regarding hunting and outdoor activities.

Specific Safety Precautions for Use

- **Weight Distribution:** Ensure that any load placed on the tripod is evenly distributed to maintain stability.
- **Adjustments:** When adjusting the height of the tripod, ensure your hands are clear of any moving parts to avoid pinching injuries.
- **Foot Selection:** Use rubber feet on stable surfaces and spike feet on soft ground to enhance stability.
- **Center Column:** Avoid rotating the center column while the tripod is under load to prevent tipping.
- **Transporting:** When transporting the tripod, ensure it is securely packed to avoid damage or injury.

Instructions for Installation and Usage

1. Setup:

- Unpack the tripod and check for any visible damage.
- Extend the legs by loosening the cam levers and adjusting them to the desired height.
- Ensure all legs are locked securely before use.

2. Height Adjustment:

- To adjust the height, unlock the cam levers, extend or retract the legs, and then lock the levers back in place.
- The tripod can be adjusted from a minimum height of 9.25 inches to a maximum height of 39.5 inches.

3. Center Column:

- Rotate the center column to adjust your shooting angle.
- Ensure the column is locked in place before taking a shot.

4. Foot Adjustment:

- Switch between rubber and spike feet based on your shooting environment.
- Ensure feet are securely attached before use.

5. Stability Enhancement:

- Use the removable loadbearing hook at the bottom of the center column to hang a backpack or other weight for added stability.

Disposal Instructions

- Dispose of the tripod in accordance with local regulations.
- If the tripod is damaged beyond repair, consider recycling the materials where possible.
- Do not dispose of the tripod in household waste.

Contact Information for Further Support
