

# 6MM XC BRASS - PETERSON CARTRIDGE 6MM XC SMALL PRIMER BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Peterson Cartridge 6XC casings are made to CIP external specifications. After producing their 1st "batch" of these 6XC casings, they noticed that there are some differences between 6XC casings made by Peterson, and those made by Norma. The main difference you will notice is that the internal volume of these Peterson-made 6XC casings is less than the internal volume of those made by Norma. As a result, you will likely need to re-work your load for these Peterson-made 6XC casings. Using Peterson Cartridge's internal ballistics lab, they were able to determine that 6XC casings from this 1st production run perform really well around the 2900 FPS accuracy node. If you start to increase your velocity above the 2900 FPS accuracy node, especially using 115 grain bullets, you may start to notice some pressure signs.

## Attributes

- Name: [PETERSON CARTRIDGE 6MM XC SMALL PRIMER BRASS 50/BOX](#)
- Manufacturer: [PETERSON CARTRIDGE](#)
- Product no.: 100032777
- Mfr. No.: 40042-R
- Cartridge: 6 mm XC
- Rounds: 50
- Quantity: 50
- Delivery weight: 0.689kg
- Shipping height: 89mm
- Shipping width: 76mm
- Shipping length: 152mm
- UPC: 859449006599

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for 6MM XC Brass Peterson Cartridge

## Introduction

Thank you for choosing the 6MM XC Brass Peterson Cartridge. This guide provides essential safety instructions to ensure the safe handling and use of this product. Please read this guide carefully before using the cartridges.

## General Safety Guidelines

- Always treat all cartridges as if they are loaded.
- Store cartridges in a cool, dry place away from direct sunlight.
- Keep cartridges out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding the use and storage of ammunition.
- Regularly check for any recalls or safety alerts related to this product on the EU Safety Gate platform.

## Specific Safety Precautions for Use

### • Handling:

- Wear appropriate eye and ear protection when handling and shooting.
- Handle cartridges with clean, dry hands to avoid contamination.

### • Loading:

- Ensure the firearm is pointed in a safe direction when loading.
- Check that the firearm is unloaded before inserting cartridges.

### • Shooting:

- Only use cartridges that are compatible with your firearm.
- Do not exceed the recommended load specifications for your firearm.
- Be aware of your surroundings and ensure a safe shooting environment.

### • Pressure Signs:

- Monitor for any signs of excessive pressure, such as difficult extraction or flattened primers.
- If you notice any pressure signs, reduce your load immediately.

## Instructions for Installation and Usage

### • Loading the Firearm:

- Open the action of the firearm and ensure it is empty.
- Insert the cartridges into the magazine or chamber as per the manufacturer's instructions.
- Close the action securely.

### • Shooting:

- Take a stable shooting position and aim at your target.
- Ensure that the area behind the target is clear of people and obstacles.
- Squeeze the trigger gently to fire.

- **PostShooting:**

- After shooting, always unload the firearm and check for any remaining cartridges.
- Clean your firearm according to the manufacturer's guidelines to maintain its performance.

## **Disposal Instructions**

- Dispose of any unused or expired cartridges in accordance with local regulations.
- Do not throw cartridges in regular trash. Contact local waste management or law enforcement for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's website or contact your local retailer. Always ensure you have the latest safety information regarding your product.

By following these guidelines, you can help ensure a safe and enjoyable experience with your 6MM XC Brass Peterson Cartridge. Thank you for prioritizing safety.
