## Dramatically Cuts Muzzle Flip for Better Control & Faster, More Accurate Shooting

The KE Arms Carry Comp really cuts muzzle rise and felt recoil on your EDC (every day carry) 9mm Glock® pistol. You have better control of your gun, and it's much easier to shoot, resulting in far more accurate shooting. By keeping the muzzle down, the Carry Comp also enables you to get the sights back on target quickly to make fast follow-up shots. The team at KE Arms designed the Carry Comp to gather combustion gases in a collection chamber, then redirect them forward and downward to counteract both felt recoil and muzzle flip. The result is the muzzle blast works WITH you in controlling your Glock®, rather than being a force you have to struggle to overcome. The Carry Comp is contoured to provide a smooth, low-profile, "of a piece" fit that blends neatly with the contours of a KE Arms slide for Glock pistols. It fits barrels with  $\frac{1}{2}$ "-28 tpi threads that protrude past the front of the slide. (Can be used on other pistols, if you're OK with sacrificing the aesthetic match with the slide.) Machined from lightweight yet extra-hard, blast-resistant 7075 T6 aluminum alloy with a tough, matte black Type III hardcoat anodized finish. Cuts muzzle flip by as much as 40%! Fits 9mm-chambered barrels with  $\frac{1}{2}$ "-28 tpi muzzle threads Machined 7075 T6 aluminum + matte black hard-anodized finish "Long thread" style with .510" threaded area for excellent hold on muzzle .233" relief on back before threads start Secures to barrel with two setscrews (included) The KE Arms long thread Carry Comp for 9mm Glock® pistols comes in two configurations: Single Port model provides excellent performance while adding the smallest amount of bulk to the front of the pistol as possible. 1.136" OAL x 1.005" wide x .753" high. With its clean, streamlined profile that melds into your Glock's slide and choice of two levels of compensation, the KE Arms Long Thread Carry Comp is an excellent upgrade for EDC pistols and competition raceguns alike.

## Attributes

- Name: [SINGLE PORT CARRY COMP W/ LONG THREADS](#)
- Manufacturer: [KE ARMS](#)
- Product no.: 100032863
- Mfr. No.: 1-50-27-001
- Make: Glock
- Delivery weight: 0.034kg
- Shipping height: 38mm
- Shipping width: 83mm
- Shipping length: 140mm

# **Safety Instruction Guide for CARRY COMPENSATORS SINGLE PORT CARRY COMP W/ LONG THREADS**

## **Introduction**

Thank you for choosing the KE Arms Carry Comp for your 9mm Glock® pistol. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide thoroughly before using the Carry Comp.

## **General Safety Guidelines**

- Ensure that the Carry Comp is installed correctly on a compatible Glock® pistol.
- Always follow firearm safety rules when handling your pistol.
- Regularly inspect the Carry Comp for any signs of wear or damage.
- Do not use the Carry Comp if it is damaged or improperly installed.
- Keep the Carry Comp and your pistol out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment.

## **Specific Safety Precautions for Use**

- Use only with barrels that have  $\frac{1}{2}" 28$  tpi muzzle threads.
- Ensure that the Carry Comp is securely fastened to the barrel using the provided setscrews.
- Do not attempt to modify the Carry Comp or your pistol in any way that could compromise safety.
- Always wear appropriate eye and ear protection when shooting.
- Be cautious of the increased muzzle blast and ensure that you are in a safe location when firing.
- If you experience any unusual performance or sounds while using the Carry Comp, cease use immediately and inspect the product.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure that your Glock® pistol is unloaded and pointed in a safe direction.
- Remove any existing muzzle device from the barrel.
- Align the Carry Comp with the muzzle threads of the barrel.
- Screw the Carry Comp onto the barrel until it is snug.
- Secure the Carry Comp using the two setscrews provided. Ensure they are tightened properly to prevent movement during use.

### **2. Usage:**

- Once installed, ensure that the Carry Comp is securely attached before firing.
- Fire your pistol in a controlled environment, maintaining awareness of your surroundings.
- Monitor the performance of the Carry Comp and your pistol for any unusual behavior.

## **Disposal Instructions**

- Dispose of the Carry Comp in accordance with local regulations for metal recycling.
- If the Carry Comp is damaged beyond use, ensure it is disposed of in a manner that prevents it from causing harm to others.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the contact information provided by the manufacturer. Always ensure that you have the latest information for support and safety updates.

Thank you for your attention to these safety guidelines. Proper use and care of your KE Arms Carry Comp will enhance your shooting experience while ensuring safety and performance.
