

BARNES TRIPLE SHOCK X 303 CALIBER (0.311") BULLETS - BARNES BULLETS TSX 303 CALIBER (0.311") FB 150GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

Attributes

Safety Instruction Guide for BARNES TRIPLE SHOCK X 303 CALIBER BULLETS

Introduction

Thank you for choosing BARNES TRIPLE SHOCK X 303 CALIBER (0.311") BULLETS. This safety instruction guide is designed to help you use this product safely and effectively. It complies with the EU General Product Safety Regulation (GPSR) to ensure your safety and satisfaction.

General Safety Guidelines

- Always handle ammunition with care and respect.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized users.
- Inspect bullets for any signs of damage before use.
- Use only in accordance with the manufacturer's specifications and local laws.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates regularly on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use appropriate eye and ear protection when handling and firing ammunition.
- Ensure that your firearm is compatible with 303 caliber bullets before use.
- Follow all local laws and regulations regarding the use of ammunition.
- Do not exceed the recommended load specifications provided by your firearm's manufacturer.
- Avoid using damaged or corroded bullets.
- Do not attempt to modify or disassemble the bullets.

Instructions for Installation and Usage

1. Preparation:

- Verify that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary equipment, including a reloading press, if applicable.

2. Loading the Ammunition:

- Follow the manufacturer's reloading data for the specific powder and load recommendations.
- Carefully insert the bullet into the cartridge case, ensuring it is seated properly.
- Crimp the bullet according to the specifications to ensure secure seating.

3. Firing:

- Load the ammunition into your firearm's magazine or chamber as per the manufacturer's instructions.
- Ensure the firearm is in good working condition before firing.
- Always fire in a safe environment, ensuring a clear line of sight and target.

4. PostFiring:

- After firing, check the firearm for any signs of malfunction or damage.
- Dispose of used cartridges and any remaining bullets responsibly.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local hazardous waste regulations.
- Do not throw bullets in regular trash or recycling bins.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's website or customer service.

Thank you for prioritizing safety while using BARNES TRIPLE SHOCK X 303 CALIBER BULLETS. Your adherence to these safety guidelines helps ensure a safe and enjoyable experience.
