Smoother, More Consistent Trigger Pull

Designed as a complete improvement solution for Smith & Wesson's line of M&P M2.0 handguns, the Apex Tactical Polymer Action Enhancement Trigger combined with the company's Duty/Carry Kit works to offer improved capabilities. This Apex Tactical combination offers reduced over-travel and pre-travel, thanks to the Polymer Action Enhancement Trigger. This trigger also provides a comfortable, flat-faced design and uses a pivoting safety rather than the traditional hinged safety. The other component of the Apex Tactical upgrade is the Duty/Carry kit, which provides a smoother, more-consistent trigger pull measuring 5 to 5.5 pounds, along with shortened over-travel and reset. The components are designed to drop in easily, but the company does recommend gunsmith installation.

Safety Instruction Guide for S&W M&P M2.0 Polymer Action Enhancement Trigger & Duty/Carry Kit

Introduction

Thank you for choosing the S&W M&P M2.0 Polymer Action Enhancement Trigger & Duty/Carry Kit from Apex Tactical Specialties Inc. This guide provides important safety information and instructions to ensure safe and effective use of your product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is compatible with your specific model of Smith & Wesson M&P M2.0 handgun.
- Always handle firearms with care, following all local laws and regulations regarding firearm safety.
- Store the product in a safe location, out of reach of children and unauthorized users.
- Inspect the product regularly for any signs of wear or damage.
- In case of any malfunction or uncertainty during installation or usage, seek professional assistance.

Specific Safety Precautions for Use

- Only use the Apex Tactical Polymer Action Enhancement Trigger and Duty/Carry Kit with the Smith & Wesson M&P M2.0 model.
- Ensure that the firearm is unloaded before beginning the installation process.
- Be cautious of the trigger mechanism during installation; improper handling can lead to accidental discharge.
- Avoid using the firearm in conditions that may compromise safety, such as wet or slippery environments.
- Always wear appropriate eye protection when handling firearms.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a punch tool and a hammer.
- Ensure that your workspace is clean and welllit.

2. Installation Steps

- Make sure the firearm is unloaded and pointed in a safe direction.
- Remove the factory trigger and components from your M&P M2.0 handgun.
- Carefully install the Apex Tactical Polymer Action Enhancement Trigger according to the provided instructions.
- Install the Duty/Carry Kit components, ensuring that each piece is properly seated and secured.
- Conduct a function check to ensure that the trigger operates correctly and safely.

3. Usage

- Familiarize yourself with the new trigger feel and reset before using the firearm in a live scenario.
- Practice safe firearm handling and operation at all times.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product is damaged or no longer in use, follow local guidelines for the disposal of firearm accessories.

Contact Information for Further Support

For any inquiries related to safety or product support, please refer to the manufacturer's website or contact your local dealer.

By following these guidelines, you can ensure a safe and enjoyable experience with your S&W M&P M2.0 Polymer Action Enhancement Trigger & Duty/Carry Kit. Always prioritize safety and responsible firearm ownership.
