

TIKKA T3/T3X IMPROVED SCOPE RAIL - AREA 419 TIKKA T3X IMPROVED RAIL, 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

A One-Piece Scope Mount Truly Optimized for the Long-Range Shooter

With an integrated forward angle, Area 419's Tikka Standard Action 20MOA Improved Scope Rail lets you zap long range targets without hitting the limits of your scope's elevation. Machined from a single piece of aluminum, the Tikka Standard Action 20MOA Improved Scope Rail is loaded with Picatinny slots along its entire length for greater flexibility when mounting scope rings or other accessories. What really sets the Tikka Standard Action 20MOA Improved Scope Rail apart from others is Area 419's attention to little details - like rounding off all sharp edges and corners as soon as the base comes off the mill. Even the edges between the slots and the corners of the lugs are radiused, eliminating any places that could snag areas, while giving the base an overall cleaner look. Finally, a recoil lug at the rear acts as a mechanical stop for the base. MIL-STD 1913 Picatinny 7075 Aluminum Type III Hardcoat Anodized 8.25" OAL T10 Torx mounting screws included Will accept 8-40 screws When placing the crosshairs on your target, Area 419's Tikka Standard Action 20MOA Improved Scope Rail gives you the confidence to make that long range, precision shot.

TIKKA T3/T3X Improved Scope Rail Safety Instructions

Introduction

Thank you for purchasing the TIKKA T3/T3X Improved Scope Rail from Area 419. This guide provides essential safety instructions and general guidelines for the safe use and installation of your scope rail. Please read this manual carefully to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the TIKKA T3/T3X Improved Scope Rail is installed correctly to avoid any safety hazards.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the scope rail and all accessories out of reach of children and vulnerable individuals.
- Regularly inspect the scope rail for any signs of wear or damage. Replace if necessary.
- Follow all manufacturer instructions for the installation and use of scope rings and other accessories.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to misalignment, affecting accuracy and safety.
 - Sharp edges may cause cuts or injuries during handling.
- **Avoiding Hazards:**
 - Always wear protective gloves when handling the scope rail.
 - Ensure that the firearm is unloaded before installation or maintenance.
 - Use appropriate tools as specified in the installation instructions to avoid accidents.
 - Avoid overtightening screws, which may damage the rail or the firearm.

Instructions for Installation and Usage

- **Installation Steps:**
 1. Ensure that the firearm is unloaded and safe to handle.
 2. Remove any existing scope rail or accessories from the firearm.
 3. Align the TIKKA T3/T3X Improved Scope Rail with the mounting holes on the firearm.
 4. Insert the provided T10 Torx mounting screws through the rail into the mounting holes.
 5. Tighten the screws evenly to secure the rail in place, avoiding overtightening.
 6. Attach scope rings and any additional accessories as needed, ensuring they are securely fastened.
- **Usage Guidelines:**
 - Once installed, check that the scope is properly aligned with the rail.
 - Regularly inspect the rail and the mounted accessories for stability and security.
 - When adjusting the scope, ensure that the adjustments are made gradually and carefully.

Disposal Instructions

- Dispose of the TIKKA T3/T3X Improved Scope Rail according to local regulations for aluminum and metal waste.
- Do not dispose of the product in regular household waste; instead, take it to a designated recycling facility.

Contact Information for Further Support

For any questions regarding safety or product performance, please refer to the manufacturer's website or contact your local dealer for assistance.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the TIKKA T3/T3X Improved Scope Rail!
