## The Cleanest, Most-Crisp Trigger Pull Found on the Market Today

One of the pioneers in the huge market for Glock trigger upgrades was Zev Technologies, a company that found incredible success in competition with its trigger enhancements. To improve the product, though, Zev's engineers went back to the drawing board and spent thousands of hours designing an improved trigger upgrade. The result was the Zev Technologies Glock Pro Flat Face Trigger Upgrade Kit. Each Zev Glock Pro Flat Face Trigger Upgrade Kit developed through hundreds of thousands of rounds of testing, leading to the design of a proprietary trigger bar and connector that offer the cleanest, most-crisp trigger pull found on the market today. The new trigger pad is built with a riveted assembly that makes it one of the most-durable replacement options available to today's Glock users. The Zev Pro Flat Face Trigger Gen 1-4 Upgrade Kit is compatible with Glock Gens 1-4 include the G19, G17, G22, G23, G26, G31, G32, G33 and G35.

# Safety Instruction Guide for PRO FLAT FACE TRIGGER UPGRADE BAR KIT FOR GLOCK® GEN 14

## Introduction

Thank you for purchasing the PRO FLAT FACE TRIGGER UPGRADE BAR KIT FOR GLOCK® GEN 14 by ZEV Technologies. This guide provides essential safety instructions to ensure the safe use, installation, and maintenance of your new trigger upgrade kit. Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure that the product is compatible with your Glock model (Gens 14).
- Always handle firearms and firearm accessories with care and in accordance with local laws.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the trigger upgrade kit for wear or damage before use.
- Do not use the trigger upgrade kit if it shows any signs of damage or malfunction.
- Report any accidents or unsafe conditions to the relevant authorities immediately.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installation or maintenance.
- Wear appropriate safety gear, including eye protection, when handling firearms.
- Avoid using the trigger upgrade kit in wet or humid conditions to prevent corrosion.
- Do not modify the trigger upgrade kit beyond the manufacturer's specifications.
- Use only recommended tools during installation to prevent damage to the product or firearm.
- Follow all local laws and regulations regarding firearm modifications.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your Glock is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including a punch tool and screwdriver.

### 2. Installation Steps

- Remove the slide from the Glock frame.
- Disassemble the trigger group according to the Glock disassembly instructions.
- Carefully remove the existing trigger bar and connector.
- Install the new Zev Technologies trigger bar and connector, ensuring proper alignment.
- Reassemble the trigger group and slide, following Glock assembly instructions.
- Perform a function check to ensure the trigger operates correctly.

### 3. Usage

- Familiarize yourself with the new trigger pull characteristics before using the firearm.
- Practice safe handling techniques and maintain control of the firearm at all times.

## Disposal Instructions

- Dispose of any old parts or packaging in accordance with local waste disposal regulations.
- Do not throw away the product in regular household waste; check for recycling options.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the manufacturer's website or contact their customer support. Ensure you have your product details available for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your PRO FLAT FACE TRIGGER UPGRADE BAR KIT FOR GLOCK® GEN 14. Always prioritize safety and compliance with local laws when using firearm accessories. Thank you for choosing ZEV Technologies.
