Directs Suppressor Gas Away From Your Face

If you've ever shot a suppressed AR chambered in .308 Win., one of the immediate effects you'll remember is the gas blowback that travels through the charging-handle cutout and into a shooter's face. Radian Weapons has a solution for that in the form of its Raptor-SD Ambidextrous Charging Handles. Where the Radian Weapons Raptor-SD Ambidextrous Charging Handle differs from traditional designs is in the inclusion of a ported shaft that shifts gas flow down and forward, in the opposite direction of a shooter. The ambi design of the handle also allows for rapid charging by blading the handle with either hand in one fast, fluid motion. Each Raptor-SD Ambidextrous Charging Handle is machined from 7075-T6 aluminum and is designed and manufactured in the USA.

Attributes

- Name: [RADIAN WEAPONS AR-308 RAPTOR-SD CHARGING HANDLE AMBIDEXTROUS BLACK](#)
- Manufacturer: [RADIAN WEAPONS](#)
- Product no.: 100033434

AR308 RAPTORSD CHARGING HANDLE AMBIDEXTROUS Safety Instruction Guide

Introduction

Thank you for choosing the AR308 RaptorSD Charging Handle Ambidextrous from Radian Weapons. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and related accessories with care and responsibility.
- Keep the charging handle away from children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- **Gas Blowback Awareness:** Be mindful that shooting a suppressed AR chambered in .308 Win. may result in gas blowback through the charginghandle cutout. This can cause discomfort or irritation to the shooter. The RaptorSD Charging Handle is designed to minimize this effect.
- **Ambidextrous Design:** The ambidextrous design allows for rapid charging with either hand. Ensure you are familiar with the operation of the handle before use.
- **Machined Material:** The charging handle is made from 7075T6 aluminum. Handle with care to avoid damaging the product or causing injury.
- **Installation Safety:** Follow the installation instructions carefully to avoid any operational hazards.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that the firearm is unloaded and in a safe condition before beginning installation.
2. **Remove Existing Charging Handle:**
 - Open the upper receiver of your firearm.
 - Carefully remove the existing charging handle by pulling it out of the receiver.
3. **Install the RaptorSD Charging Handle:**
 - Align the RaptorSD Charging Handle with the receiver.
 - Slide the charging handle into place until it is securely seated.
4. **Check Functionality:**
 - Ensure the handle moves smoothly and is properly installed before use.

Usage

- To charge the firearm, grip the ambidextrous handle with either hand and pull it back in a fluid motion.
- Ensure that your face is clear of the charginghandle cutout during operation to avoid gas blowback.
- Practice using the charging handle in a safe environment to become familiar with its operation.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations.
- If the product is damaged or no longer in use, ensure it is disposed of in a way that prevents unauthorized access.

Contact Information for Further Support

For safety inquiries, please refer to the EU contact point or your local authorities. Always report unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

By following these guidelines, you can ensure the safe and effective use of your AR308 RaptorSD Charging Handle Ambidextrous. Thank you for your attention to safety.
