### **The Perfect Solution for Storing Your Cleaning Rods**

Have a pile of cleaning rods leaning up in the corner of your shop? Piled on your bench? Get them organized and stored neatly with the Area 419 Cleaning Rod Storage Rack. This easy, add-on product will take your shop to the next level and comes with a wall mount included, so all you have to do is install it! Each Area 419 Cleaning Rod Storage Rack is machined from 6061-T6 aluminum and features cutouts for six cleaning rods and 12 jags or brushes. The rods slide into the cutouts, and tapered counterbores enable each rod handle to settle in and stay secured. An included tray allows users to store small, miscellaneous components. Each storage rack measures 9.5 inches x 4 inches.

# Safety Instruction Guide for Area 419 Cleaning Rod Storage Rack with Wall Mount

## Introduction

Thank you for choosing the Area 419 Cleaning Rod Storage Rack with Wall Mount. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before installation and use to ensure the safety of yourself and others.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use in organizing cleaning rods. Ensure that it is used as intended.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Follow the manufacturer's guidelines for returns or exchanges if necessary.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements as mandated by EU regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of children to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Be aware of updates regarding unsafe products by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Installation Safety:** Ensure the wall mount is securely installed to prevent the rack from falling. Use appropriate tools and follow the installation instructions carefully.
- **Load Capacity:** Do not exceed the recommended load of six cleaning rods and 12 jags or brushes to ensure stability.
- **Handling:** When inserting or removing rods, do so gently to avoid damaging the rack or the rods.
- **Storage:** Store the rack in a dry area to prevent corrosion or damage to the aluminum material.
- **Regular Inspection:** Periodically check the rack for any signs of wear or damage. Replace or repair any damaged components immediately.

## Instructions for Installation and Usage

### 1. Installation Instructions:

- Choose a suitable location on the wall that is dry, sturdy, and easily accessible.
- Use a level to mark the position where the rack will be mounted.
- Drill holes into the wall according to the markings.
- Use appropriate anchors and screws to secure the wall mount firmly.
- Attach the cleaning rod storage rack to the mounted wall bracket, ensuring it is secure.

### 2. Usage Instructions:

- Slide the cleaning rods into the cutouts. Ensure each rod is properly seated.
- Place jags or brushes in the designated areas, ensuring they fit securely.
- Use the included tray for storing small components. Keep it organized to avoid losing items.
- When removing rods, grasp them firmly and pull straight out to avoid damaging the rack.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for aluminum recycling.
- If the product is damaged beyond repair, ensure that it is disposed of in a manner that prevents any potential hazards to the environment or public safety.

## **Contact Information for Further Support**

For any questions or concerns regarding the Area 419 Cleaning Rod Storage Rack, please refer to the contact information provided by the retailer or manufacturer.
