# Safety Instruction Guide for the 417S Single Port Compensator

## Introduction

Thank you for choosing the Agency Arms 417S Single Port Compensator for your Glock® firearm. This guide provides important safety information, installation instructions, and usage guidelines to ensure safe and effective operation of your compensator. Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure that the compensator is compatible with your Glock® model (17, 19, or 34).
- Always handle firearms with care and follow standard safety practices.
- Keep the compensator and all firearm components out of reach of children and unauthorized users.
- Inspect the compensator regularly for any signs of wear or damage.
- Do not use the compensator if it is damaged or malfunctioning.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates and safety alerts through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or removing the compensator.
- Use only the OEM recoil spring assembly as specified; other components may not be compatible.
- Do not attempt to modify the compensator in any way, as this may lead to malfunctions or unsafe conditions.
- Be aware of the increased noise and muzzle blast associated with compensators.
- Use hearing protection when firing your firearm equipped with the compensator.
- Ensure that the front sight is properly installed and secured before use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the slide from the frame of the Glock®.
- Locate the threaded barrel and clean the threads if necessary.
- Align the compensator with the threads on the barrel.
- Thread the compensator onto the barrel in a clockwise direction until it is handtight.
- Use the included set screws to secure the compensator in place. Tighten the screws using an appropriate tool, ensuring not to overtighten.
- Transfer your existing front sight from the slide to the compensator using the front sight hole.

### 2. Usage:

- After installation, conduct a function check to ensure the compensator is properly secured.
- Load your firearm according to the manufacturer's instructions.
- When firing, maintain a firm grip on the firearm and be prepared for the compensator's effects on recoil.
- Always practice safe shooting habits and be aware of your surroundings.

## **Disposal Instructions**

- Dispose of the compensator in accordance with local regulations regarding metal and firearm components.
- Do not dispose of the compensator in regular household waste.
- If the compensator is damaged or no longer in use, consider recycling the metal components if permitted by local laws.

## **Contact Information for Further Support**

For any questions or concerns regarding the 417S Single Port Compensator, please refer to the manufacturer's official website or contact their customer support for assistance.

Thank you for prioritizing safety and responsible use of your firearm. Enjoy your shooting experience with the Agency Arms 417S Single Port Compensator.
