A Complete Parts Kit Perfect for Your Pistol Build

Polymer80 made a name for itself with the company's line of partially finished, unserialized, Glock style pistol frames, giving consumers an opportunity to test their building skills by creating a usable pistol frame. Now, the company is expanding its offerings to include all of the necessary elements needed to finish a Glock-style handgun frame build in the form of the company's Glock Gen 3 Frame Parts Kit. Designed for use with all of the company's 9mm pistol frames, including the PF940c, PF940v2, PF940CL, PF904SC, the Polymer80 Glock Frame Parts Kit is also compatible with Glock's OEM 9mm pistol frames, giving consumers the parts they need to finish a G17, G19, G26 or even a G34. Every kit will include two trigger shoes, either a curved or a flat option, with the flat-faced trigger coming pre-installed onto the trigger bar. The kit also includes slide-lock springs for full-size, compact and subcompact pistols. Other components included in the Polymer80 Glock Gen 3 9mm Frame Parts Kit include a slide lock, magazine catch, magazine catch spring, slide stop, trigger housing, ejector, trigger spring, and connector.

Safety Instruction Guide for FRAME PARTS KIT FOR GLOCK® GEN 3 9MM POLYMER80

Introduction

Thank you for choosing the FRAME PARTS KIT FOR GLOCK® GEN 3 9MM from Polymer80. This guide provides essential safety instructions and usage information to ensure your safe and effective use of this product. Please read and understand all safety guidelines before proceeding with installation and usage.

General Safety Guidelines

- Ensure you are of legal age to purchase and use firearms and firearm components in your jurisdiction.
- Always handle firearms and firearm components with care and respect.
- Keep the product out of reach of children and unauthorized users.
- Inspect all parts for damage or defects before installation. Do not use damaged components.
- Follow all local laws and regulations regarding firearm assembly and ownership.
- Use appropriate personal protective equipment (PPE) when handling tools or firearms.
- Store all components in a secure location to prevent unauthorized access.

Specific Safety Precautions for Use

- Always treat every firearm as if it is loaded.
- Never point a firearm at anything you do not intend to shoot.
- Ensure the firearm is pointed in a safe direction at all times during assembly and testing.
- Use the parts kit only with compatible Polymer80 and Glock Gen 3 9mm frames.
- Do not exceed the manufacturer's specifications regarding component compatibility.
- Avoid using the product in a manner that could cause harm to yourself or others.
- Be aware of your surroundings when using the completed firearm.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components from the FRAME PARTS KIT.
- Ensure you are working in a clean, welllit space.

2. Component Inspection:

- Check each part for any visible defects or damage.
- If any issues are found, do not proceed with installation.

3. Installation Steps:

- Follow the manufacturer's instructions for assembling the Polymer80 frame.
- Install the trigger bar with the preinstalled flatfaced trigger or curved trigger shoe.
- Secure the slide lock spring, magazine catch, and other components as specified in the assembly guide.
- Ensure all parts are properly seated and function as intended.

4. Testing:

- After assembly, conduct a safety check to ensure the firearm operates correctly.
- Test the trigger function without ammunition to confirm proper operation.

- Always perform a function check in a safe environment.

5. Usage:

- Only use ammunition that is compatible with your Glock Gen 3 9mm frame.
- Regularly inspect your firearm for wear and tear, and replace any worn components as necessary.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local waste disposal regulations.
- Never dispose of firearms or firearm parts in a manner that could pose a risk to public safety.

Contact Information for Further Support

For any inquiries regarding safety, product usage, or concerns, please reach out to the appropriate EUbased contact point provided by the manufacturer or retailer.

Conclusion

Your safety and the safety of others is paramount when using the FRAME PARTS KIT FOR GLOCK® GEN 3 9MM. By following these guidelines and instructions, you can ensure a safe and enjoyable experience while building and using your firearm. Always remain vigilant and responsible in your handling and usage of all firearm components.
