

# BOLT LIFT SV REMINGTON 700 - KINETIC RESEARCH GROUP BOLT LIFT SV OD GREEN

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

## Easiest Oversized Bolt Knob On the Market\

Bolt Lift SV (Small Version) consists of two reinforced polymer knob halves and some supporting parts. Users can choose between a permanent installation using epoxy, a rock solid removable setup, or a quick simple install using the supplied spacers to tailor the fit of the Bolt Lift to the factory bolt handle. A stainless steel screw to clamp the knob halves together and some reinforcing pins round out the package. KRG has selected a very strong , reinforced polymer material and incorporated it into a thick-walled, high strength design to ensure that your Bolt Lift will be the last part on your rifle to fail. As an added benefit, the polymer construction will isolate your hand from environmental effects.

## Attributes

# **BOLT LIFT SV REMINGTON 700 KINETIC RESEARCH GROUP BOLT LIFT SV OD GREEN Safety Instruction Guide**

## **Introduction**

Thank you for choosing the BOLT LIFT SV for your Remington 700. This product is designed to enhance your shooting experience while ensuring safety and reliability. This guide provides important safety instructions, installation procedures, and disposal information to help you use the product safely and effectively.

## **General Safety Guidelines**

- Ensure that the BOLT LIFT SV is installed correctly before use.
- Always check the compatibility of the BOLT LIFT SV with your specific Remington 700 model.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BOLT LIFT SV for any signs of wear or damage before use.
- Do not use the BOLT LIFT SV if it appears damaged or malfunctioning.
- Follow all local laws and regulations regarding firearm accessories.
- Report any unsafe products or incidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Always handle firearms with care and treat them as if they are loaded.
- Ensure that the firearm is pointed in a safe direction when installing or adjusting the BOLT LIFT SV.
- Wear appropriate eye protection when using firearms.
- Do not exceed the manufacturer's specifications for installation and use of the BOLT LIFT SV.
- Avoid using the BOLT LIFT SV in extreme environmental conditions, as this may affect its performance.
- Do not attempt to modify or alter the BOLT LIFT SV in any way.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure your firearm is unloaded and in a safe condition.
- Gather the necessary tools: epoxy (if permanent installation is chosen), stainless steel screw, and supplied spacers.

### **2. Installation Options:**

- **Permanent Installation:**
  - Apply epoxy to the knob halves and press them together.
  - Secure with the stainless steel screw provided.
- **Removable Setup:**
  - Align the knob halves and insert the stainless steel screw.
  - Use reinforcing pins to secure the assembly.
- **Quick Install:**
  - Use the supplied spacers to adjust the fit of the BOLT LIFT to the factory bolt handle.
  - Ensure that the fit is snug and secure before use.

### **3. Usage:**

- Grip the BOLT LIFT SV firmly when operating the bolt of your firearm.

- Ensure that your hand is positioned correctly to avoid any pinch points.
- Regularly check the stability of the installation before each use.

## **Disposal Instructions**

- Dispose of the BOLT LIFT SV according to local regulations for plastic and metal waste.
- Do not throw the product in regular household waste.
- If the product is damaged or no longer functional, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any inquiries or additional support regarding the BOLT LIFT SV, please refer to the manufacturer's website or contact your local dealer. Ensure that you have the product details ready for a more efficient response.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the BOLT LIFT SV!
