## KINETIC RESEARCH GROUP CHASSIS ENCLOSED FOREND FOR TIKKA T3X

Enclosed Forend: It is sleek and comfortable, it is multi-functional yet light weight. KRG's Enclosed Forend replaces the existing forend on your Whiskey-3 or X-ray chassis and provides the usefulness of a Spigot Mount, Night Vision mount, and forend. You will enjoy multiple attachment points including standard KRG hole pattern and MLoc. Since it's best to keep your scope as close to the boreline as possible, the Enclosed Forend has an area cut out over the barrel where you couldn't use rails anyway which allows for the scope objective to sit in a natural position. No need for ultra-high or AR-15 rings with this one. For those who are fans of AR style tube forends on bolt guns, this will provide the function and form that you prefer but in a way that is more properly set up for a bolt gun. A 1.250" straight barrel will fit barely so KRG recommends a smaller contour. Generally they recommend no larger than a Remington Varmint contour for balance and usability reasons. Fits: Whiskey-3 and X-ray

## Attributes

- Name: [KINETIC RESEARCH GROUP TIKKA T3X ENCLOSED FOREND](#)
- Manufacturer: [KINETIC RESEARCH GROUP](#)
- Product no.: 100033857
- Mfr. No.: TUB-T3S
- Colour: Black
- Material: Aluminum
- Model: CTR,T3,T3x
- Weapon type: Tikka
- Delivery weight: 0.794kg
- Shipping height: 108mm
- Shipping width: 114mm
- Shipping length: 552mm

## Item details

Made in USA

US export classification: 0A501.y.1

## Consumer Safety Instruction Guide

### Introduction

Thank you for choosing the Kinetic Research Group Chassis Enclosed Forend for Tikka T3X. This product is designed to enhance your shooting experience while ensuring safety and compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully to understand how to use and maintain the product safely.

### General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Always handle firearms safely and responsibly.
- Keep the enclosed forend and all accessories out of reach of children.
- Regularly inspect the forend for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to malfunctions.
  - Using incompatible components can cause safety issues.
- **Avoiding Hazards:**
  - Always ensure the forend is securely attached before use.
  - Do not exceed the recommended barrel contour size (no larger than Remington Varmint contour).
  - Use only compatible attachments as specified in the product manual.
- **Age Specific Warnings:**
  - This product is intended for adult users. Keep it away from children and unauthorized users.

### Instructions for Installation and Usage

#### 1. Installation:

- Remove the existing forend from your Whiskey3 or Xray chassis.
- Align the KRG Enclosed Forend with the mounting points on your chassis.
- Securely fasten the forend using the standard KRG hole pattern and M Lok attachment points.
- Ensure the forend is firmly attached and check for any movement.

#### 2. Usage:

- Position your scope as close to the boreline as possible, utilizing the cutout area over the barrel.
- Avoid using ultrahigh or AR15 rings; instead, select appropriate rings that allow for a natural scope position.
- Utilize the various attachment points for accessories as needed, ensuring they do not interfere with the operation of the firearm.

### Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- Do not dispose of the product in household waste.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For additional assistance, please refer to the manufacturer's website or customer service. Ensure you have your product details ready for a more efficient support experience.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with the Kinetic Research Group Chassis Enclosed Forend for Tikka T3X.
