Solves the Issue of the Tavor SAR Fit

Have an original Tavor SAR-21 that just doesn't sit in the shoulder quite right? OR the length-of-pull just doesn't feel right? The Manticore Arms Tavor Curved Buttpad solves these issues, but the design works for the Tavor SAR-21 ONLY. This will not fit on the modern X95. Made from 6061-T6 aluminum, along with a chemically resistant polymer with a slight softness to it, the Manticore Arms Tavor Curved Buttpad is designed to make the Tavor SAR-21 much more shootable, since it reduces the overall length-of-pull by nearly an inch and allows the gun to settle naturally into the shoulder pocket of a shooter. Added texturing on the back of the polymer pad ensures that it sits solidly once mounted.

Attributes

- Name: [TAVOR CURVED BUTTPAD](#)

TAVOR CURVED BUTTPAD Safety Instructions

Introduction

Thank you for choosing the Manticore Arms Tavor Curved Buttpad, designed specifically for the Tavor SAR21. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the Tavor Curved Buttpad is only installed on the Tavor SAR21 model. It is not compatible with the modern X95.
- Always check the product for any signs of damage before installation. Do not use if damaged.
- Store the buttpad in a cool, dry place away from direct sunlight and moisture.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Ensure the firearm is unloaded before installing the buttpad.
- Check that the buttpad is securely mounted before using the firearm.
- Be aware of your surroundings when using the firearm and follow all local laws and regulations.
- Avoid using the firearm in conditions that could impair your ability to safely shoot, such as under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and safe to handle.
- Remove the existing buttpad from the Tavor SAR21 by following the manufacturer's instructions.
- Align the Manticore Arms Tavor Curved Buttpad with the mounting points of the Tavor SAR21.
- Securely attach the buttpad using the provided mounting hardware, ensuring a snug fit.
- Check that the buttpad is firmly in place before proceeding.

2. Usage:

- When shouldering the firearm, ensure that the buttpad rests comfortably against your shoulder.
- The curved design of the buttpad is intended to help the firearm settle naturally into the shoulder pocket.
- Regularly inspect the buttpad for wear and tear during use, and replace if necessary.

Disposal Instructions

- Dispose of the Tavor Curved Buttpad in accordance with local regulations regarding plastic and metal waste.
- Do not dispose of the product in household waste. Check with your local waste management authority for proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's contact information provided with

your product packaging.

By following these safety instructions, you will ensure a safer and more enjoyable experience with your Tavor Curved Buttpad. Thank you for your attention to these important guidelines.
