# Consumer Safety Instruction Guide for ACCUPUNCH® HAMMER & PIN PUNCH SET FOR AR15

## Introduction

Thank you for choosing the Real Avid AccuPunch Hammer & Pin Punch Set for AR15. This comprehensive toolkit is designed for AR15 enthusiasts and gunsmiths, providing essential tools for the assembly, disassembly, and maintenance of AR15 rifles. To ensure your safety and the effective use of this product, please read and follow the safety guidelines outlined in this document.

## General Safety Guidelines

- Always use the tools as intended and in accordance with the manufacturer's instructions.
- Keep the tools out of reach of children and unauthorized users.
- Inspect the tools for any damage or wear before each use. Do not use damaged tools.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the tools.
- Be aware of your surroundings and ensure you have a clear workspace when using the tools.
- Follow local laws and regulations regarding firearms and gunsmithing.

## Specific Safety Precautions for Use

- **Balanced Gunsmithing Hammer:**
  - Ensure a firm grip on the hammer to avoid slippage during use.
  - Use the appropriate hammer head material for the task at hand to prevent damage to firearm components.
- **Interchangeable Hammer Heads:**
  - Ensure that the hammer head is securely attached before use.
  - Do not attempt to use a hammer head that shows signs of damage or wear.
- **Pin Punches:**
  - Use the correct size punch for the pin you are working with to avoid damaging the pin or surrounding components.
  - When using the pin alignment tool, ensure that it is correctly positioned to facilitate easy insertion of pins.
- **NonMarring Finishing Punch:**
  - Use this punch for delicate tasks to prevent surface damage to the firearm.
  - Avoid excessive force to prevent bending or breaking the punch.
- **Staking Punch:**
  - Ensure that the staking punch is properly aligned with the components being secured to prevent injury or damage.
- **Organized Storage:**

- Always return tools to their designated places in the standup case after use to maintain organization and safety.

## Instructions for Installation and Usage

### 1. Using the Hammer:

- Select the appropriate hammer head based on the task.
- Securely attach the hammer head to the hammer handle.
- Grip the hammer firmly and strike the target component with controlled force.

### 2. Using the Pin Punches:

- Select the correct pin punch size for the pin you are working with.
- Align the punch with the pin and apply gentle pressure to start the pin removal or installation.
- If using the pin alignment tool, insert it into the pin hole before using the punch.

### 3. Using the NonMarring Finishing Punch:

- Identify the area where finishing is needed.
- Position the finishing punch carefully and apply gentle pressure to avoid damaging the surface.

### 4. Using the Staking Punch:

- Position the staking punch over the component to be secured.
- Apply steady pressure to stake the component in place.

### 5. Storage:

- After use, clean the tools if necessary and place them back in the standup case.
- Ensure the case is stored in a dry, safe location away from children.

## Disposal Instructions

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not dispose of tools in regular household waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all tools are cleaned and safe to handle before disposal.
