

PC9 QD STOCK PLATE - MIDWEST INDUSTRIES RUGER PC9 QD STOCK PLATE

[Rifle Parts](#) > [Stock Parts](#) > [Butt Plate Parts](#) > [Buttstock Spacers](#)

A Tool-Free Addition for a QD Sling-Swivel

Want a fast addition that enhances your Ruger® PC Carbine? Look no further than the Midwest Industries PC9 QD Stock Plate. This all-aluminum stock spacer replaces the plastic, OEM stock spacer at the rear of the Ruger® PC Carbine, giving you three anti-rotation QD sockets for multiple sling placements. Each Midwest Industries PC9 QD Stock Plate installs using the Ruger factory stock bolts and is completely machined in the USA. The spacer features QD sockets on either side of the stock, as well as a third socket at the bottom. Each spacer is treated with a hardcoat-anodized black finish and weighs only 3.2 ounces. Note: Only compatible with new Ruger® PC9 TakeDown carbine models - 19100, 19101, 19102.

Safety Instruction Guide for the Midwest Industries Ruger PC9 QD Stock Plate

Introduction

Thank you for choosing the Midwest Industries Ruger PC9 QD Stock Plate. This product is designed to enhance your Ruger® PC Carbine by providing additional sling placement options. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure the product is compatible with the Ruger® PC9 TakeDown carbine models 19100, 19101, 19102.
- Always handle firearms and accessories responsibly and in accordance with local laws and regulations.
- Keep the stock plate and all related accessories out of reach of children and unauthorized users.
- Regularly inspect the stock plate for any signs of wear or damage before each use.
- If you experience any issues during installation or usage, cease use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- Do not exceed the weight limit of the stock plate. Ensure that the total weight of the sling and any attached equipment does not compromise safety.
- Ensure that all connections are secure before using the firearm.
- Avoid using the stock plate in extreme conditions that may affect its integrity, such as extreme heat or cold.
- Be cautious of any sharp edges during installation and handling to prevent injury.
- Always follow the manufacturer's instructions for your Ruger® PC Carbine when using this stock plate.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including the Ruger factory stock bolts.
- Ensure you are working in a clean, dry area free from distractions.

2. Installation Steps

- Remove the existing plastic OEM stock spacer from the rear of the Ruger® PC Carbine.
- Align the Midwest Industries PC9 QD Stock Plate with the mounting holes of the firearm.
- Secure the stock plate using the Ruger factory stock bolts. Ensure they are tightened to the manufacturer's specifications.
- Verify that the QD sockets are positioned correctly and are free from obstructions.

3. Usage

- Attach your sling to the QD sockets as desired.
- Regularly check the integrity of the stock plate and connections during usage.
- If you notice any unusual movement or wear, discontinue use and inspect the components.

Disposal Instructions

- Dispose of the stock plate and any packaging materials in accordance with local regulations.
- Recycle materials when possible, following your local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Midwest Industries Ruger PC9 QD Stock Plate, please consult the retailer where the product was purchased or visit the manufacturer's website for additional support and information.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your Midwest Industries Ruger PC9 QD Stock Plate. Thank you for your attention to these important safety measures.
