

CZ 457 1913 IMPROVED SCOPE RAIL WITH BUBBLE LEVEL - AREA 419 CZ 457 15 MOA SCOPE RAIL W/LEVEL

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

An Enhanced Optics Rail for Your CZ 457

Building on the success of the company's CZ 455 scope base, Area 419 aimed to produce the best-possible scope base for the popular CZ 457 rimfire rifle, one of the popular options for today's precision-rimfire competitions. The Area 419 CZ 457 1913 Improved Scope Rail includes a bubble level that ensures the rifle platform is absolutely level when pushing rimfire rounds out to the limits of the cartridge. Each Area 419 CZ 457 1913 Improved Scope Rail is machined from T7075 aluminum, using the company's in-house Haas 4-axis machining center, and the clamping system on the rail locks down with consistent force along the entire length of the rail for security and repeatability. The rail features 30 MOA of built-in elevation, and a 15-MOA rail is also available. Other highlights of the Area 419 CZ 457 1913 Improved Scope Rail include an increased length that allows users to push their optics farther forward on the rail for better eye relief. The built-in level can be easily seen at the rear of the rail without removing your head from the stock for a shot.

Attributes

- Name: [AREA 419 CZ 457 15 MOA SCOPE RAIL W/LEVEL](#)
- Manufacturer: [AREA 419](#)
- Product no.: 100034610
- Mfr. No.: 419-ISR-CZ457-1
- Colour: Matte Black
- Elevation: 15 MOA
- Material: Aluminum
- Model: 457
- Number of Bases: 1-Piece
- Style: Picatinny
- Weapon type: CZ
- Delivery weight: 0.077kg
- Shipping height: 32mm
- Shipping width: 32mm

CZ 457 1913 Improved Scope Rail Safety Instructions

Introduction

Thank you for choosing the CZ 457 1913 Improved Scope Rail by Area 419. This product is designed to enhance your shooting experience with improved accuracy and stability. It is essential to follow the safety guidelines and instructions provided in this manual to ensure safe and effective use of the scope rail.

General Safety Guidelines

- Always handle firearms with care and respect. Treat every firearm as if it is loaded.
- Ensure that you are familiar with the operation of your rifle and scope before use.
- Use the scope rail only with compatible firearms and optics.
- Always wear appropriate eye and ear protection when shooting.
- Keep the area clear of unauthorized personnel, especially children, during shooting activities.
- Regularly inspect your scope rail for any signs of damage or wear. Do not use if damaged.
- Store the scope rail and your firearm in a secure location when not in use.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- Ensure that the rifle is pointed in a safe direction before attaching or detaching the scope rail.
- Do not attempt to adjust the scope rail while the firearm is loaded.
- Be cautious of the clamping system; ensure it is secure before use. Improper installation may lead to equipment failure.
- Use the builtin bubble level to ensure the rifle is level before taking a shot.
- Avoid overtightening the clamping screws, as this may damage the rail or the firearm.

Instructions for Installation and Usage

1. Installation of the Scope Rail

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove any existing scope bases from your CZ 457 rifle.
- Align the Area 419 CZ 457 1913 Improved Scope Rail with the mounting holes on the rifle's receiver.
- Secure the rail using the provided screws. Tighten them evenly to avoid warping the rail.
- Use a torque wrench to ensure that screws are tightened to the manufacturer's specifications.

2. Attaching the Optics

- Select your preferred scope and mount it onto the rail.
- Adjust the scope position for optimal eye relief.
- Secure the scope according to the manufacturer's instructions.

3. Using the Bubble Level

- Before firing, check the bubble level located at the rear of the rail.
- Adjust the rifle's position until the bubble is centered within the level.

4. Safety Check Before Use

- Confirm that the firearm is unloaded.
- Inspect the scope rail and optics for proper installation and security.
- Ensure that you are in a safe shooting environment.

Disposal Instructions

- Dispose of the product in accordance with local regulations concerning aluminum materials.
- Do not dispose of the product in regular household waste. Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the CZ 457 1913 Improved Scope Rail, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and enjoyable shooting experience with your CZ 457 1913 Improved Scope Rail. Always prioritize safety and adhere to local laws and regulations regarding firearm use.
