PACESETTER RIFLE THREEDIE SETS LEE PRECISION 224 VALKYRIE Safety Instruction Guide

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This guide provides essential safety instructions to ensure the proper and safe use of your reloading equipment. Please read this guide carefully before using the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe operation.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product for any damage before use. Do not use if damaged.
- Use the product only for its intended purpose, which is reloading ammunition for the 224 Valkyrie cartridge.
- Ensure your workspace is clean, dry, and wellventilated.
- Wear appropriate safety gear, including safety glasses and gloves, when handling reloading materials.
- Be aware of the risks associated with handling gunpowder and ammunition components.

Specific Safety Precautions for Use

- Ensure that your reloading press is compatible with 7/8"14 dies.
- Do not exceed the recommended load data provided in the instructions.
- Handle all components, including bullets, primers, and powders, with care.
- Store all reloading materials in a secure location, away from heat sources and direct sunlight.
- Be cautious of static electricity when handling gunpowder.
- Always doublecheck the die settings before starting the reloading process.
- Keep a fire extinguisher nearby in case of emergencies.

Instructions for Installation and Usage

1. Setup of the Press:

- Securely mount your reloading press on a stable workbench.
- Ensure that the press is level and that all bolts are tightened.

2. Installing the Dies:

- Remove the existing die from the press if necessary.
- Install the Full Length Sizing Die first by screwing it into the press until it is snug.
- Next, install the Bullet Seating Die and then the Factory Crimp Die, following the same procedure.
- Ensure that each die is properly adjusted according to the instructions provided.

3. Using the Dies:

- Begin the reloading process by following the load data and instructions included with the die set.
- Use the Universal Shell Holder to securely hold the cartridge case during the reloading process.
- Measure and pour powder using the included Powder Dipper, ensuring that you do not exceed the recommended load.

4. Final Steps:

- After reloading, visually inspect each cartridge for proper seating and crimping.
- Store completed ammunition in a safe and organized manner.

Disposal Instructions

- Dispose of any unused or expired reloading materials according to local regulations.
- Do not dispose of gunpowder or primers in regular household waste.
- Contact local authorities or waste disposal services for guidance on hazardous waste disposal.

Contact Information for Further Support

For any questions regarding the safety and use of the PACESETTER RIFLE THREEDIE SET, please reach out to the appropriate contact as outlined in your product documentation.

Conclusion

Following these safety instructions will help ensure a safe and enjoyable reloading experience. Always prioritize safety and adhere to the guidelines provided in this manual. Thank you for choosing LEE PRECISION. Happy reloading!
