PACESETTER RIFLE THREEDIE SETS LEE PRECISION 6.5 PRC PACESETTER 3DIE SET Safety Instructions

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This guide provides essential safety instructions to ensure the safe and effective use of your reloading equipment. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press and the components of this die set.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the reloading area clean and organized to prevent accidents.
- Store the die set and other reloading components in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and storage.
- Regularly inspect your reloading equipment for wear and damage before each use.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper handling of reloading components can lead to accidents, such as misfires or explosions.
- Always ensure that you are using the correct cartridge and die set for your specific reloading needs.

- **Avoiding Hazards:**

- Do not exceed recommended powder charges as specified in reliable reloading manuals.
- Never use damaged or worn components. Replace any defective parts before use.
- Ensure that your workspace is wellventilated when working with powders and primers.
- Keep flammable materials away from your reloading area.

- **AgeSpecific Warnings:**

- This product is intended for adult use only. Keep out of reach of children.
- Ensure that anyone using this product has received proper training in reloading safety.

Instructions for Installation and Usage

- **Installation:**

- Securely attach the Full Length Sizing Die, Bullet Seating Die, and Factory Crimp Die to your reloading press, ensuring they are properly aligned.
- Use the Universal Shell Holder that fits your specific cartridge to hold the casing securely during the reloading process.

- **Usage:**

- Follow the instructions provided with the die set for proper operation. Refer to reputable reloading manuals for specific load data.
- Use the Powder Dipper to measure the correct amount of powder for each cartridge.
- After seating the bullet, use the Factory Crimp Die to ensure a proper crimp for reliable feeding and ignition.
- Regularly check your completed cartridges for consistency and quality.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of hazardous materials, such as primers and powders, in regular trash.
- Contact local waste management authorities for guidance on safe disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the PACESETTER RIFLE THREEDIE SET, please refer to the manufacturer's website or contact their customer support for assistance.

Note: This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR). It provides necessary information to ensure safe usage of the PACESETTER RIFLE THREEDIE SET while highlighting potential hazards and safety practices.
