# **PACESETTER RIFLE THREEDIE SETS LEE PRECISION 6.5300 WEATHERBY MAGNUM STEEL 3DIE SET Safety Instructions**

## **Introduction**

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed to assist you in the reloading process for the 6.5300 Weatherby Magnum cartridge. To ensure safe and effective use, please read this safety instruction guide carefully before using the product.

## **General Safety Guidelines**

- Always handle reloading equipment with care and respect.
- Ensure that you are familiar with the reloading process and the specific requirements for the 6.5300 Weatherby Magnum cartridge.
- Store all reloading components, including this die set, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and storage.
- Inspect all equipment regularly for signs of wear or damage. Replace any damaged components immediately.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.

## **Specific Safety Precautions for Use**

- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed the recommended load data provided for the 6.5300 Weatherby Magnum cartridge.
- Always doublecheck measurements and components before proceeding with the reloading process.
- Keep your work area clean and organized to avoid accidents.
- Do not use the die set for any purpose other than its intended use.
- Be aware of the risks associated with handling gunpowder and primers. Store them in a cool, dry place away from direct sunlight.
- Follow the manufacturer's instructions for each die included in the set:
  - Full Length Sizing Die: Ensure proper adjustment to achieve the correct sizing of your brass.
  - Bullet Seating Die: Adjust the seating depth according to your load data.
  - Factory Crimp Die: Use to ensure a proper crimp on the bullet for consistent performance.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure that your reloading press is turned off and unplugged (if applicable).
- Attach the Full Length Sizing Die to the reloading press according to the manufacturer's instructions.
- Securely fasten the Bullet Seating Die and Factory Crimp Die in the same manner.
- Insert the Universal Shell Holder into the press, ensuring it is properly seated.

### **2. Usage:**

- Follow the instructions provided with the die set for each specific die's operation.
- Use the Powder Dipper as per the load data provided to measure your powder charge accurately.
- Always verify that the shell holder and dies are correctly aligned before operating the press.
- After completing the reloading process, inspect each round for proper assembly and safety.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of gunpowder or primers in regular household waste. Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the PACESETTER RIFLE THREEDIE SET, please contact your local distributor or the manufacturer directly. It is important to seek assistance if you are unsure about any aspect of the reloading process.

By following these safety instructions, you can enjoy a safe and successful reloading experience with the PACESETTER RIFLE THREEDIE SET. Always prioritize safety and be informed about best practices in ammunition reloading.
