# LOADING BLOCK LEE PRECISION 50 BMG LOADING BLOCK Safety Instructions

## Introduction

Thank you for choosing the LOADING BLOCK LEE PRECISION 50 BMG LOADING BLOCK. This product is designed to support your reloading needs safely and efficiently. To ensure your safety and the longevity of the product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the loading block in accordance with the manufacturer's instructions.
- Ensure the loading block is placed on a stable surface to prevent tipping or falling.
- Keep the loading block out of reach of children and pets to prevent accidents.
- Regularly inspect the block for any signs of wear or damage. Do not use a damaged block.
- Store the loading block in a dry place away from direct sunlight and extreme temperatures.
- Avoid using the loading block for any purpose other than its intended use.

## Specific Safety Precautions for Use

- Handle all reloading components with care, following all safety protocols for handling ammunition and reloading materials.
- Do not overload the block beyond its capacity of 72 cases and 72 reloading dies.
- Ensure that the block is not used in wet or damp conditions to prevent slippage or damage.
- When carrying the loading block, use the builtin handles to avoid strain or injury.
- If using the block for hanging or storage, ensure it is securely mounted to prevent it from falling.

## Instructions for Installation and Usage

### 1. Preparation

- Select a clean, dry, and stable workspace for using the loading block.
- Gather all necessary reloading components and tools before starting.

### 2. Using the Loading Block

- Place the loading block on a flat surface.
- Load the block with no more than 72 cases and 72 reloading dies, ensuring they fit securely in their designated slots.
- If you need to hang the loading block, use the through holes provided, ensuring they are securely fastened.

### 3. Carrying the Loading Block

- Use the builtin handles to lift and carry the block.
- Ensure your grip is firm and that you are aware of your surroundings to avoid tripping or dropping the block.

### 4. PostUse Care

- After use, clean the loading block with a damp cloth to remove any dust or debris.
- Store the block in a safe, dry place when not in use.

## Disposal Instructions

- When disposing of the loading block, follow local regulations for plastic disposal.
- If the block is damaged beyond repair, consider recycling it if facilities are available in your area.
- Do not dispose of the loading block in a manner that could pose a risk to the environment.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the LOADING BLOCK LEE PRECISION 50 BMG LOADING BLOCK, please refer to the manufacturer's official support channels.

Thank you for prioritizing safety while using your LOADING BLOCK LEE PRECISION 50 BMG LOADING BLOCK. Enjoy your reloading experience!
