

EOL 30 CALIBER (0.308") ELITE HUNTER BULLETS - BERGER BULLETS 30 CALIBER (0.308") 245GR EOL ELITE HUNTER 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

A Bullet Designed to Provide Unequaled Stopping Power

More of today's hunters are taking advantage of improved rifles and ammunition by pushing their shots out farther than ever before, but it's critical to have the right kind of round that'll perform at distance. Berger Bullets developed its EOL Elite Hunter bullet to provide game-stopping power at extreme ranges. The design of the Berger Bullets EOL Elite Hunter round was inspired by the company's "Extreme Outer Limits" TV series, and the round provides hunters with an incredible ballistic coefficient, as well as an advanced Hybrid ogive and a higher sectional density that all combine to provide unprecedented stopping power. One of the stand-out elements of the Berger Bullets EOL Elite Hunter round is the combination of tangent and secant designs. The tangent ogive begins at the end of the bearing surface, which ensures that the round isn't impacted as much by seating depth. The lengthened round is intended for hunters who have extended-length magazines or use a single-shot or single-feed rifle.

Attributes

- Name: [BERGER BULLETS 30 CALIBER \(0.308"\) 245GR EOL ELITE HUNTER 100/BOX](#)
- Manufacturer: [BERGER BULLETS](#)

Safety Instruction Guide for EOL 30 Caliber (0.308") Elite Hunter Bullets

Introduction

Thank you for choosing the EOL 30 Caliber (0.308") Elite Hunter Bullets by Berger Bullets. This guide provides essential safety instructions and information to ensure the safe use and handling of this product. Please read this guide carefully to understand the safety guidelines, precautions for use, and disposal instructions.

General Safety Guidelines

- Always handle ammunition with care and respect.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Use appropriate protective gear, such as safety glasses and hearing protection, when handling or using firearms.
- Always ensure that your firearm is suitable for the specific caliber of bullets you are using.
- Familiarize yourself with the specific laws and regulations regarding ammunition in your area.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before inserting or removing bullets.
- Do not exceed the manufacturer's recommended load specifications.
- Inspect bullets for any signs of damage or defects before use.
- Never attempt to modify or disassemble bullets.
- Avoid using bullets that have been stored improperly or exposed to extreme conditions.
- Always use the appropriate type of firearm for the specific bullet caliber.
- Follow all safety protocols when shooting, including maintaining a safe distance from others.

Instructions for Installation and Usage

- Before loading bullets into the firearm, ensure that the firearm is pointed in a safe direction.
- Load bullets one at a time, following the firearm's manufacturer's instructions for loading and unloading.
- Do not mix different types or brands of ammunition in the same magazine.
- After shooting, always check the firearm for any obstructions or malfunctions before reloading.
- If a bullet fails to fire, wait at least 30 seconds before attempting to remove it to avoid accidental discharge.
- Always clean your firearm regularly to maintain optimal performance and safety.

Disposal Instructions

- Dispose of any unused or damaged bullets according to local regulations.
- Do not dispose of bullets in regular household waste.
- Contact local authorities or waste management facilities for guidance on proper disposal methods.
- Ensure that all bullets are stored securely until they can be disposed of safely.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of EOL 30 Caliber (0.308") Elite Hunter Bullets, please refer to the manufacturer's contact information provided on the packaging or visit the official website for additional support.

Conclusion

Your safety is our top priority. By following these guidelines and instructions, you can ensure a safe and enjoyable experience with the EOL 30 Caliber (0.308") Elite Hunter Bullets. Always remain vigilant and responsible while handling ammunition. Thank you for your attention to these important safety measures.
