An Innovative Adapter That Blends Streamlight Lights With SureFire Tailcap Switches

More of today's clued-in rifle operators are understanding the benefits of the SureFire SR-D-IT and TNVC TAPS dual switches, which can be paired with laser/illuminators like the ATPIAL and DBAL series. With the Arisaka Tailcap Adapter, owners of Streamlight Protac Rail Mount 1 and 2 lights can employ these switches, as well as SureFire Scout tailcaps. In addition, the Arisaka Tailcap Adapter also helps to solve one of the major issues of the Streamlight Protac rail-mount lights. Since Streamlight did not incorporate a front battery spring into the light body, the battery can come off the front contact point during the sudden shock of rifle recoil, causing the light to flicker and blink. The adapter includes a removable O-ring on the front face, which allows the battery to remain secure during firing.

Attributes

- Name: [ARISAKA DEFENSE TAILCAP ADAPTER FOR STREAMLIGHT RM1/2](#)

TAILCAP ADAPTER FOR STREAMLIGHT USER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the TAILCAP ADAPTER FOR STREAMLIGHT ARISAKA DEFENSE. This product is designed to enhance your lighting system by allowing compatibility with dual switches and addressing common issues associated with Streamlight Protac Rail Mount lights. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe use of the TAILCAP ADAPTER by following these guidelines:
 - Always read and understand the product instructions before use.
 - Keep the product out of reach of children and vulnerable individuals.
 - Regularly inspect the adapter and associated equipment for any signs of wear or damage.
 - Use only compatible Streamlight lights as specified in the product description.
 - Do not attempt to modify or disassemble the adapter.

Specific Safety Precautions for Use

- When using the TAILCAP ADAPTER, please observe the following precautions:
 - Ensure that the battery is securely installed and the Oring is in place before use to prevent flickering.
 - Avoid using the light in wet or extreme environmental conditions unless specifically rated for such use.
 - Do not exceed the manufacturer's recommended battery specifications.
 - If you experience any flickering or blinking during use, cease operation immediately and check the battery installation.
 - If the adapter or light becomes excessively hot during operation, turn off the device and allow it to cool before further use.

Instructions for Installation and Usage

1. Installation of the Tailcap Adapter:

- Ensure the Streamlight Protac Rail Mount light is turned off and remove the existing tailcap.
- Align the TAILCAP ADAPTER with the light's threads and gently screw it in until secure.
- Do not overtighten, as this may damage the threads.

2. Battery Installation:

- Insert the battery into the light, ensuring the positive (+) and negative (-) terminals are correctly aligned.
- Place the removable Oring on the front face of the adapter to secure the battery in place.

3. Using the Light:

- Activate the light using the compatible dual switch or SureFire Scout tailcap.
- Always check the functionality of the light before engaging in any critical activities.

4. PostUse Care:

- After use, turn off the light and remove the battery if the light will not be used for an extended period.
- Clean the adapter and light with a soft, dry cloth to remove any dirt or debris.

Disposal Instructions

- Dispose of the TAILCAP ADAPTER and any associated batteries in accordance with local regulations.
- Do not dispose of electrical components in regular household waste. Check for local recycling programs or hazardous waste disposal facilities.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the TAILCAP ADAPTER FOR STREAMLIGHT, please refer to the manufacturer's contact information provided with your product packaging.

Reporting Unsafe Products

- If you encounter any unsafe conditions or accidents involving this product, please report them to the appropriate authorities in your region.
- Stay informed about product recalls and safety updates by checking the EU's Safety Gate platform regularly.

Thank you for your attention to these safety instructions. Enjoy the enhanced functionality of your TAILCAP ADAPTER FOR STREAMLIGHT safely and responsibly.
