## Easily Attachable and Adjustable Monopod for Precision Shooting

The Secret Weapon manufactures this simple, adjustable monopod which attaches to the Picatinny rail on any precision rifle stock. It is designed to make incremental vertical (elevation) muzzle adjustments and can be used with a bag or as a stand-alone support. The Secret Weapon Monopod works equally well when sighting in a scope, target shooting or hunting. This monopod adjusts from 4" to 6" and is easily adjusted using two fingers.

Attachment: Rail Color: Black Height: 4 to 6 The monopod mounts quickly and easily to any Picatinny rail using the included 8/32" bolt and Allen wrench. The base and hexagonal aluminum leg are made from billet aluminum for durability and reduced weight. The black matte Duracoated finish compliments most rifles. The threaded rod is made from 5/16" lightweight aluminum and includes a matte black knurled aluminum threaded stop nut to lock the foot into position. The monopod folds up against the bottom of the stock when not in use for easy transportation and storage.

# Safety Instruction Guide for MONOPOD PICATINNY FOLDING MONOPOD

## Introduction

Thank you for choosing the MONOPOD PICATINNY FOLDING MONOPOD. This product is designed to enhance your shooting experience by providing a stable platform for your precision rifle. To ensure your safety and the safe operation of this product, please read and follow the instructions and guidelines outlined in this manual.

## General Safety Guidelines

- Ensure that the monopod is securely attached to the Picatinny rail before use.
- Always check the condition of the monopod before each use to ensure it is free from damage.
- Use the monopod only for its intended purpose, which is to provide support for precision rifles.
- Keep the monopod out of reach of children and vulnerable individuals when not in use.
- Report any unsafe conditions or accidents involving the monopod to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended height adjustment range of 4 to 6 inches.
- When making adjustments to the monopod, ensure that your fingers are clear of any moving parts to avoid pinching injuries.
- Always ensure the monopod is locked in place before using your rifle.
- Avoid using the monopod in adverse weather conditions that may affect stability and safety.
- If the monopod becomes damaged or malfunctions, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### Installation

1. **Gather Required Tools:** You will need the included 8/32" bolt and Allen wrench for installation.
2. **Attach the Monopod:**
  - Align the monopod with the Picatinny rail on your rifle.
  - Insert the 8/32" bolt through the mounting hole of the monopod into the rail.
  - Tighten the bolt securely using the Allen wrench, ensuring the monopod is firmly attached.
3. **Adjust the Height:**
  - To adjust the height of the monopod, hold the base and gently pull or push to achieve the desired height within the 4 to 6inch range.
  - Lock the height adjustment by securely fastening the knurled aluminum threaded stop nut.

### Usage

- When using the monopod, position it to provide optimal support for your rifle.
- Make incremental adjustments to the muzzle elevation as needed for precise aiming.
- If using in conjunction with a bag, ensure that both the monopod and the bag are stable and secure.

## Disposal Instructions

- Dispose of the monopod in accordance with local regulations.
- If the monopod is damaged beyond repair, ensure it is recycled or disposed of in an environmentally friendly manner.
- Do not dispose of the monopod in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product support, please contact the manufacturer or your local retailer. Ensure that you have your product details ready for a more efficient response.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we hope you enjoy using your MONOPOD PICATINNY FOLDING MONOPOD.
