## Secure Your Rifle on a Hunt

While shooting rests and bags are great accessories to have on-hand for a more-stable shot, hunters often shy away from these add-ons, simply because they add weight to a field kit. However, the WieBad Buckle Bag changes all of that. Filled with lightweight materials, the WieBad Buckle Bag weighs an order of magnitude less than comparable bags filled with heavy material, like sand. This makes it easier to pack a flexible rest on your next hunting trip, allowing you to build a solid shooting position off a tree limb or other obstacles. Measures 6 x 5 x 1.5 inches Weight: 12 ounces Have a front rest already? Then the WieBad Buckle Bag works as a perfect rear bag, allowing hunters and shooters alike to use pressure on the bag for fine elevation adjustments.
