[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The Magpul Pro 700L Rifle Chassis is an uncompromising, full featured precision rifle chassis for long action Remington 700 and Remington 700-footprint rifles. The Pro 700L combines innovative engineering, precision machining, Mil-Spec quality finishes, and an extensive list of purposeful design features with complete adjustability to provide demanding end users with the most comprehensive available precision rifle platform solution for true out of the box performance. Based on a full billet aluminum skeleton and clad in Magpul polymer for environmental comfort, noise mitigation, and ergonomics, the Pro 700L is also fully ambidextrous. Capable of fitting both right and left-handed actions with the simple swap of a bolt-cutout plate, and with a reversible cheek riser and reversible hinge on the folding version, "lefties" haven't been "left out." MAG1002 PRO 700L - FOLDING STOCK IS SUPPLIED WITH THE PRO FHA - FOLDING HINGE ADAPTER (MAG999) INSTALLED MAG1003 PRO 700L - FIXED STOCK IS SUPPLIED WITH THE PRO FSA - FIXED STOCK ADAPTER (MAG998) INSTALLED Type III hard anodized machined 6061-T6 billet aluminum V-bedding block, body, adjustment knobs and forend with high strength injection molded polymer body covers optimally placed for comfort and aesthetics Ambidextrous bedding block can be changed by swapping the QD sling swivel plate and bolt retainer inserts for left or right hand actions using a 1/8" hex wrench A Magpul Pro NVM - Night Vision Mount clip-on mounting rail solution is available Overall LOP adjustment range is 13.25" - 15.125" Butt-pad height can be adjusted up 1.33" and down .90" and is adjustable left or right for a total of 5 degrees Comb height adjustment has a 1" range with a secondary locking knob to eliminate movement in the cheek riser Cheek riser features a 3-position fore/aft adjustment of +.375", 0" and - .375" which can also be changed for left or right side usage using only a common hex wrench Injection molded polymer grip with 5 degree forward edge sweep and enlarged palm swell with 7 degree aft edge sweep for enhanced user comfort combined with a .75" fore/aft adjustment range using a common hex wrench. Safety Instruction Guide for REMINGTON 700 LONG ACTION STOCKS MAGPUL PRO 700L FIXED STOCK

Introduction

Thank you for choosing the REMINGTON 700 LONG ACTION STOCKS MAGPUL PRO 700L FIXED STOCK. This guide provides essential safety instructions to ensure your product is used safely and effectively. Please read this guide carefully before use to understand the safety precautions and proper installation procedures.

General Safety Guidelines

- Always handle firearms and firearm accessories with care and respect.
- Ensure that the firearm is unloaded before attaching or detaching the stock.
- Keep the stock and all firearm components out of reach of children and unauthorized users.
- Inspect the stock regularly for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding firearm use and modifications.
- Familiarize yourself with the product features and proper handling techniques.
- Use only compatible accessories and parts as specified by the manufacturer.

Specific Safety Precautions for Use

- **Ambidextrous Design:** Ensure that the stock is properly configured for left or righthanded use before operation.
- **Adjustments:** Only make adjustments to the stock when the firearm is unloaded and in a safe environment.
- **Grip Safety:** Use the grip according to the specified ergonomic design to avoid discomfort or injury during use.
- **Sling Swivel Mounts:** Ensure that the QD sling swivel mounts are securely attached before use to prevent accidents.
- **Magazine Compatibility:** Verify that the magazine used is compatible with the AICS pattern to ensure proper feeding and operation.
- **Trigger Guard:** Always ensure that the trigger guard is clear of obstructions and that gloves do not interfere with trigger operation.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded.
- Remove the existing stock from the Remington 700 action by unscrewing the action screws.
- Align the Pro 700L stock with the action and insert the action screws, tightening them securely.
- If using the folding stock version, ensure the folding hinge adapter is properly installed.

2. Adjustments:

- **Length of Pull (LOP):** Adjust the LOP by sliding the buttplate to the desired length within the range of 13.25" to 15.125".
- **Buttplate Height:** Adjust the buttplate height by loosening the adjustment knobs and repositioning as needed.
- **Cheek Riser:** Adjust the cheek riser to the preferred height and angle using the locking knob.
- **Grip Adjustment:** If necessary, swap the grip for one with a different angle to suit your

preference.

3. Usage:

- After installation and adjustments, conduct a function check to ensure that the firearm operates correctly with the new stock.
- Always maintain proper shooting posture and grip when using the firearm.
- Regularly check all adjustments and components before each use.

Disposal Instructions

- Dispose of the stock and any associated materials in accordance with local regulations.
- Do not dispose of the stock in regular household waste. Instead, check for local recycling or hazardous waste disposal options.
- Ensure that all components are rendered unusable before disposal to prevent misuse.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the manufacturer's website or contact their customer service.

By following these safety instructions, you can ensure a safe and enjoyable experience with your REMINGTON 700 LONG ACTION STOCKS MAGPUL PRO 700L FIXED STOCK. Always prioritize safety and responsible usage in all firearmrelated activities.
