# Safety Instruction Guide for Magpul Enhanced Selector Kit

## Introduction

Thank you for choosing the Magpul Enhanced Selector Kit (ESK) for your HK® SL Grip Module and HK® Polymer Trigger Housings. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read and follow these instructions carefully.

## General Safety Guidelines

- Ensure safe use of the Enhanced Selector Kit by following all guidelines provided in this manual.
- Be aware of risks associated with improper installation or use of the selector kit.
- Keep the product out of reach of children and vulnerable individuals.
- Always verify compatibility with your specific firearm model before installation.
- Regularly check for any updates or recalls related to this product on the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or adjusting the selector kit.
- Use caution when handling the firearm, especially during installation and adjustment of the selector levers.
- Do not attempt to modify the selector kit beyond its intended use.
- Ensure that the selector levers are securely in place before using the firearm.
- Be aware of the selector's position (Safe, Semi, or Full Auto) before handling the firearm.
- If you experience any issues with the selector kit, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation (if required).

### 2. Installation Steps:

- Remove the existing selector lever from the firearm.
- Align the new selector lever from the Magpul ESK with the selector housing.
- Gently press the lever into place, ensuring it fits securely.
- Test the movement of the selector lever to verify proper installation.
- Repeat the process for any additional levers you wish to install.

### 3. Usage Instructions:

- To activate or deactivate the safety, use the firing hand to engage the lever.
- Ensure that the lever is in the desired position (Safe, Semi, or Full Auto) before firing.
- Regularly check the functionality of the selector levers during routine maintenance.

## Disposal Instructions

- Dispose of any packaging materials responsibly by recycling where possible.
- If the selector kit becomes damaged or unusable, follow local regulations for the disposal of polymer and

metal components.

- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety, product information, or support, please reach out to your local Magpul distributor or authorized retailer. Always ensure that you have the latest information regarding product safety and compliance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our priority. Enjoy your Magpul Enhanced Selector Kit responsibly.
