

SIG P320 GUIDE RODS - OBSIDIAN ARMS SIG P320 FULLSIZE GUIDE ROD, STAINLESS STEEL

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Spring Guide Rods](#)

With professional shooters in mind, the Obsidian Arms guide rod is made from high quality stainless steel that has been hardened and polished for the best wear resistance and smooth cycling. Weighing in at 1.6oz the additional weight compared to the factory spring assembly will provide better muzzle control and less flip when firing. With your preferred 1911 springs you will be able to tune your P320 to the most optimal recoil for your chosen load.

Obsidian Arms recommends starting with a 15lb spring. Features: High Quality Stainless Steel Compatible with 1911 Springs 1.4oz (spring adds about 0.2oz) Limited Lifetime Manufacturer Warranty Made in the USA

SIG P320 Guide Rod Safety Instruction Guide

Introduction

Thank you for choosing the SIG P320 Guide Rod from Obsidian Arms. This product is designed for professional shooters and enthusiasts, offering enhanced performance and improved control during shooting. To ensure your safety and the effective use of this guide rod, please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle firearms and related accessories with care and attention.
- Ensure that you are familiar with the operation of your firearm before using the guide rod.
- Store the guide rod and any firearms in a secure place, out of reach of children and unauthorized users.
- Regularly inspect the guide rod for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use of firearms and accessories.

Specific Safety Precautions for Use

- Use only compatible 1911 springs with the guide rod to ensure optimal performance.
- Always wear appropriate eye and ear protection when shooting.
- Avoid using the guide rod with ammunition that exceeds the recommended specifications.
- Ensure that the firearm is unloaded when installing or removing the guide rod.
- Do not modify the guide rod or firearm in any way that could compromise safety or performance.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded.
- Gather your tools and compatible 1911 springs.

2. Installation

- Remove the factory guide rod and spring assembly from your firearm.
- Insert the Obsidian Arms guide rod into the designated area of your firearm.
- Attach your preferred 1911 spring to the guide rod.
- Ensure that everything is securely in place before proceeding.

3. Usage

- Familiarize yourself with the feel of the new guide rod during practice sessions.
- Start with a 15lb spring as recommended by Obsidian Arms for optimal recoil management.
- Monitor the performance and feel of the guide rod during use and make adjustments as necessary.

Disposal Instructions

- Dispose of the guide rod and any related components in accordance with local regulations.
- Do not dispose of the guide rod in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product support, please contact the manufacturer directly. Ensure you have the product information ready for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of your SIG P320 Guide Rod. Thank you for prioritizing safety and responsible firearm handling.
