MAUSINGFIELD RECEIVER WRENCH Consumer Safety Instruction Guide

Introduction

Thank you for purchasing the Mausingfield Receiver Wrench from American Rifle Company. This tool is specifically designed for use with both short and long action Mausingfield receivers, accommodating both left and righthanded users. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle tools with care to prevent injury.
- Ensure you are using the wrench in a welllit area.
- Keep the wrench out of reach of children and vulnerable individuals.
- Regularly inspect the wrench for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Protective Gear:** Always wear appropriate personal protective equipment, such as safety glasses and gloves, when using the wrench.
- **Proper Use:** Use the wrench only for its intended purpose. Do not use it for tasks it was not designed for.
- **Avoid Overexertion:** Do not apply excessive force when using the wrench. If you encounter resistance, stop and assess the situation.
- **Storage:** Store the wrench in a dry place, away from moisture and extreme temperatures to prevent rust and deterioration.
- **Maintenance:** Keep the wrench clean and free of debris. Regularly lubricate moving parts to ensure smooth operation.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the receiver is secure and stable before attempting to use the wrench.
- Verify that the wrench is clean and free from any obstructions.

2. Using the Wrench:

- Align the hexagonal end of the wrench (measuring 7/8 inches) with the receiver.
- Apply gentle pressure to turn the wrench in the appropriate direction.
- If resistance is met, do not force the wrench. Instead, check for any obstructions or misalignment.

3. PostUse:

- After use, clean the wrench to remove any dirt or debris.
- Store the wrench in its designated place to prevent loss or damage.

Disposal Instructions

- When the wrench reaches the end of its useful life, dispose of it in accordance with local regulations.
- Do not dispose of the wrench in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.
