# AR15 Sloped Quick Disconnect End Plate Safety Instructions

## Introduction

Thank you for choosing the Phase 5 Sloped Quick Disconnect End Plate for your AR15. This product is designed to enhance your firearm's functionality while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use this product safely and effectively in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle firearms with care and follow standard firearm safety practices.
- Ensure that the end plate is installed correctly to avoid any operational hazards.
- Regularly inspect the end plate for any signs of wear or damage before use.
- Keep the product out of reach of children and unauthorized users.
- If you notice any unusual behavior or damage, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Ensure that the end plate is compatible with your specific AR15 model and receiver extension type.
- Use only push button QD swivels and QD slings that are rated for a pull force of at least 200 lbs.
- Do not exceed the recommended load capacity of the QD mount.
- Avoid using the end plate in extreme weather conditions that may affect its performance.
- Regularly check the tightness of the end plate attachment to prevent loosening during use.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and safe before installation.
- Remove the existing end plate from the buffer tube by unscrewing it.
- Align the Phase 5 Sloped Quick Disconnect End Plate with the buffer tube.
- Secure the end plate by tightening the screw until it is firmly in place, ensuring it is aligned properly.
- Verify that the end plate is securely attached before proceeding to use the firearm.

### 2. Usage

- Attach your QD sling or swivel to the designated mount on the end plate.
- Ensure the attachment is secure and functions properly before using the firearm.
- When using the firearm, maintain a proper grip and stance to ensure stability and control.

## Disposal Instructions

- Dispose of the end plate in accordance with local regulations regarding metal products.
- Do not dispose of the product in regular household waste if it is damaged or not functional.
- Consider recycling the product at a designated facility to minimize environmental impact.

## Contact Information for Further Support

For any inquiries or concerns regarding the Phase 5 Sloped Quick Disconnect End Plate, please refer to the

manufacturer's official website or customer support channels.

By following these safety instructions, you can ensure a safe and effective experience with your Phase 5 Sloped Quick Disconnect End Plate. Thank you for prioritizing safety.
