

# SINGLE POINT BUNGEE SLINGS - PHASE 5 TACTICAL SINGLE POINT BUNGEE SLING BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Phase 5's Single-Point Bungee Sling is designed to be simple, rugged, and reliable - just what a tactical sling ought to be. It holds the rifle close to your body, enabling fast shouldering and preventing the gun from flopping around and knocking into you as you walk. It has a heavy-duty steel QD swivel OR snap clip attached to the equally heavy-duty elasticized "bungee" portion of the sling. The bungee shock cords mate to the reinforced nylon webbing of the main sling body via a pair of reinforced steel hog-ring clips. The single-point bungee sling has a simple slide buckle for making fast length adjustments that stay in place, where you set them, until you want to change the length. Three MOLLE loops on the sling strap let you attach a knife sheath, chemical-light, flashlight, multi-tool - or whatever else you may need to reach quickly. Extra-strength nylon webbing Heavy-duty STEEL hardware with anti-corrosion Manganese Phosphate finish Extra-thick elastic bungee cords MOLLE attachment points for small accessories Heavy-duty shrink tubing at hardware attachment points Available with QD pushbutton swivel OR H&K-style snap clip The bottom line: a tactical sling is only as strong as its weakest point, and the Phase 5 Single-Point Bungee Sling has no weak points.

## Attributes

- Name: [PHASE 5 TACTICAL SINGLE POINT BUNGEE SLING BLACK](#)

# Safety Instruction Guide for Phase 5 Tactical SinglePoint Bungee Sling

## Introduction

Thank you for choosing the Phase 5 Tactical SinglePoint Bungee Sling. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the sling to avoid any potential hazards.

## General Safety Guidelines

- Always inspect the sling for any signs of wear or damage before each use.
- Ensure that the sling is properly attached to your firearm and that all hardware is secure.
- Use the sling only for its intended purpose. Do not exceed the weight limit of the sling.
- Keep the sling away from children and unauthorized users.
- If you notice any defects or issues with the sling, discontinue use immediately and report it to the manufacturer.

## Specific Safety Precautions for Use

- Ensure that the sling is adjusted to a comfortable length that allows for quick access to your firearm.
- Avoid using the sling in wet or slippery conditions to prevent losing grip or control.
- Do not place your finger on the trigger until you are ready to shoot.
- Always be aware of your surroundings and ensure that your firearm is pointed in a safe direction when using the sling.
- If using the sling in a tactical situation, ensure that it does not interfere with your movement or visibility.

## Instructions for Installation and Usage

### 1. Installation:

- Attach the heavyduty steel QD swivel or snap clip to the designated attachment point on your firearm.
- Ensure that the attachment is secure and that the sling is not twisted.
- Adjust the length of the sling using the slide buckle to fit your body comfortably.

### 2. Usage:

- Place the sling over your shoulder, allowing the firearm to rest against your body.
- When ready to shoulder the firearm, pull it close to your body for stability.
- Adjust the sling as necessary to maintain comfort and accessibility.

### 3. MOLLE Attachment:

- Use the MOLLE loops to attach accessories such as a knife sheath, flashlight, or multitool for quick access.
- Ensure that all attachments are secure and do not obstruct the use of the sling.

## Disposal Instructions

- Dispose of the sling responsibly at a local waste management facility or recycling center.
- Do not burn the sling as it may release harmful substances.
- If the sling is damaged beyond repair, ensure that it is disposed of in a manner that prevents accidental

use.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Phase 5 Tactical SinglePoint Bungee Sling, please refer to the manufacturer's website or contact their customer support.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your Phase 5 Tactical SinglePoint Bungee Sling. Always prioritize safety and remain vigilant while using this product. Thank you for your attention to these guidelines.
