The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

## Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguard for your AR15. This guide provides essential safety instructions and information to ensure your product is used safely and effectively. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the handguard is compatible with your AR15 model before installation.
- Always inspect the handguard and all components for damage before use.
- Use the product only for its intended purpose as outlined in this guide.
- Keep the handguard and all tools out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Installation Safety:**
  - Use proper tools and follow the installation instructions carefully to avoid injury.
  - Ensure that the firearm is unloaded and the safety is engaged before installing the handguard.
- **Handling:**
  - Always handle the firearm with care and treat it as if it is loaded.
  - Avoid placing your fingers in front of the muzzle when handling the firearm.
- **Sling Attachment:**
  - When using the quick disconnect sling socket, ensure that the sling is properly attached to prevent accidental detachment.
- **Weight Considerations:**
  - Be aware of the weight of the handguard and ensure that your firearm is balanced for effective handling.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools including a torque wrench, Allen wrenches, and any other required tools.
- Ensure that your workspace is clean and free of distractions.

### 2. Installation Steps:

- Ensure the firearm is unloaded and the safety is engaged.
- Remove the existing handguard if applicable, following the manufacturer's instructions.
- Align the ATLAS RONE handguard with the upper receiver and ensure that the barrel nut is properly engaged.
- Use the proprietary ATLAS attachment system to secure the handguard, ensuring that the tapered locking nuts are evenly distributed.
- Tighten the turnbuckle screw using the torque wrench to the manufacturer's specified torque setting.
- Verify that the handguard is securely attached and does not move.

### 3. Usage:

- Once installed, the ATLAS RONE handguard can be used to attach accessories as needed.
- Regularly check the tightness of the handguard and mounting hardware during use.

## **Disposal Instructions**

- Dispose of the handguard and any packaging materials in accordance with local regulations.
- Do not dispose of the handguard in regular household waste if it contains hazardous materials. Check local guidelines for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the ATLAS RONE handguard, please refer to the manufacturer's website or customer support resources. Ensure that you have the product details available when seeking assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your ATLAS RONE MLOK Free Floating Handguard!
