

# AR 308 M5 ATLAS R-ONE HANDGUARDS M-LOK - AERO PRECISION M5 (.308) ATLAS R-ONE 15" HANDGUARD M-LOK FOR AR-308 FDE

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 12.7" - 8.79 oz / 15" - 10.6 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) FEATURES: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with AR308 upper receivers and barrels NOT Compatible with M5E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M5E1 Threaded Upper Receivers. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. PLEASE NOTE: These handguards do not come with a wrench. A standard armorers wrench will work with all M5 ATLAS Handguards.

# Safety Instruction Guide for AR 308 M5 ATLAS RONE Handguards

## Introduction

Thank you for choosing the AR 308 M5 ATLAS RONE Handguards. This guide provides important safety instructions, precautions, and information to ensure the safe use and installation of your handguard. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the handguard is suitable for your firearm model (AR308).
- Always handle firearms with care and follow all local laws and regulations regarding firearm safety.
- Inspect the handguard and all mounting hardware for any signs of damage before installation.
- Use only the recommended tools for installation to avoid damage to the handguard or firearm.
- Keep the handguard and all related components out of reach of children and unauthorized users.
- In case of any malfunction or if you notice any defects, stop using the product immediately and seek assistance.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling firearms and during installation.
- Ensure the firearm is unloaded before beginning any installation work.
- Do not exceed the recommended weight limit for attachments on the handguard.
- Be cautious of sharp edges during installation; handle with care to avoid cuts or injuries.
- Ensure that the handguard is properly secured to avoid any risk of detachment during use.
- Avoid using the handguard in extreme conditions that could affect its performance or safety.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a standard armors wrench.
- Ensure your workspace is clean and free from distractions.

### 2. Installation Steps

- Remove the existing handguard from your firearm by unscrewing the mounting hardware.
- Inspect the barrel nut and ensure it is clean and free of debris.
- Align the ATLAS Handguard with the barrel nut, ensuring the tapered locking nuts are in the correct position.
- Using the turnbuckle screw, tighten the locking nuts evenly to distribute clamping pressure.
- Doublecheck that the handguard is securely attached and that there is no movement.

### 3. PostInstallation Checks

- After installation, perform a visual inspection to ensure everything is in place.
- Test the stability of the handguard by gently shaking it to confirm it is securely mounted.
- If applicable, attach any accessories to the handguard and ensure they are securely fastened.

## **Disposal Instructions**

- Dispose of the handguard and any associated packaging materials in accordance with local regulations.
- Do not dispose of the handguard in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for proper disposal methods for aluminum and other materials.

## **Contact Information for Further Support**

For any questions, concerns, or safety inquiries regarding the AR 308 M5 ATLAS RONE Handguards, please refer to the manufacturer's contact resources or visit their official website for assistance.

Thank you for following these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your new handguard and practice safe firearm handling!
