

# O-RING CLEANING JAGS - TCS .17 CALIBER CLEANING JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

## Increases Patch Pressure On Bore For Improved Cleaning Action

Solid aluminum jags with rubber O-rings are ideal for cleaning the bore of your gun without worrying about damaging the rifling. O-rings press patch firmly into bore surface for efficient cleaning action on powder, lead, copper, and plastic fouling. For use with patches, steel wool, and bronze wool. Shotgun and Black Powder jags are color coded; Rifle/Handgun jags are numbered for easy identification. In order to use TCS Manufacturing jags, you must use round patches that are .015" thick.

# ORING CLEANING JAGS TCS .17 CALIBER CLEANING JAG Safety Instruction Guide

## Introduction

Thank you for choosing the ORING CLEANING JAGS TCS .17 CALIBER CLEANING JAG. This product is designed for effective cleaning of your firearm's bore without risking damage to the rifling. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use the cleaning jag in accordance with the firearm manufacturer's instructions.
- Ensure that the firearm is unloaded before cleaning.
- Keep cleaning tools out of reach of children and vulnerable individuals.
- Inspect the cleaning jag before each use for any signs of damage or wear.
- Use only compatible patches that are .015" thick with the TCS Manufacturing jags.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from improper handling of cleaning tools.
  - Potential for damage to the firearm if used incorrectly.
- **Avoiding Hazards:**
  - Always point the firearm in a safe direction when cleaning.
  - Do not force the cleaning jag into the bore; it should fit snugly but not require excessive force.
  - Use the cleaning jag only for its intended purpose—cleaning the bore of firearms.
- **Age Specific Warnings:**
  - This product is not intended for use by children. Adult supervision is required when cleaning firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded and that the muzzle is pointed in a safe direction.
- Gather the necessary cleaning materials, including the TCS cleaning jag, patches, and cleaning solvent.

### 2. Using the Cleaning Jag:

- Attach the cleaning jag to a compatible cleaning rod with male threads (832 tpi or 1032 tpi for .50 BP).
- Insert a patch that is .015" thick onto the cleaning jag, ensuring that it is pressed firmly against the Orings.
- Gently insert the cleaning jag into the bore of the firearm, rotating it as needed to ensure thorough cleaning.
- Withdraw the jag slowly to avoid any damage to the rifling.
- Repeat the process as necessary until the bore is clean.

### 3. PostCleaning:

- Inspect the bore for cleanliness and ensure that no patches or debris remain.

- Store the cleaning jag and other cleaning materials in a secure location, out of reach of children.

## **Disposal Instructions**

- Dispose of any used patches, cleaning solvents, or other materials in accordance with local waste disposal regulations.
- Do not dispose of the cleaning jag in regular household waste if it is damaged. Check local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the ORING CLEANING JAGS TCS .17 CALIBER CLEANING JAG, please refer to the product packaging for contact details of the manufacturer or visit their official website.

By following these safety guidelines and instructions, you can ensure a safe and effective cleaning experience with your ORING CLEANING JAGS TCS .17 CALIBER CLEANING JAG. Thank you for prioritizing safety and responsibility in firearm maintenance.
