[Handgun Parts](#) > [Trigger Group Parts](#) > [Hammer Parts](#) > [Hammers](#)

## A DIY Action Enhancement for Your CZ Shadow 2

Looking to close the gap between the double-action and single-action trigger pulls on your CZ Shadow 2? The Apex Tactical CZ Shadow 2 Action Enhancement Kit is made to trim down the difference between these two pulls, allowing shooters to be more-consistent with their trigger pulls, thereby leading to enhanced performance on the range. When used with the Carry Mainspring, the double-action pull measures 6 pounds, while the single-action pull measures 4 pounds. If the Competition Mainspring is installed, the double-action pull drops to 5.5 pounds, while the single-action pull measures 3.5 pounds. Each Apex Tactical Action Enhancement Kit includes direct replacement parts for the factory hammer and sear. These precision-machined components are designed to provide a clean trigger break in single-action combined with a smooth, stack-free double-action pull that's consistent all the way through the firing process. Sear and hammer engagement surfaces are matched, so no stoning is required for a precision fit. This kit will not work in pistols equipped with the B series firing-pin block.

## Attributes

# CZ Shadow 2 Action Enhancement Kit Safety Instructions

## Introduction

Thank you for purchasing the CZ Shadow 2 Action Enhancement Kit from Apex Tactical Specialties Inc. This kit is designed to enhance the performance of your CZ Shadow 2 pistol by improving the trigger pull consistency. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your CZ Shadow 2 pistol before installing this enhancement kit.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the firearm pointed in a safe direction at all times.
- Store your firearm and ammunition securely and out of reach of children.
- Always wear appropriate safety gear, including eye and ear protection, when handling firearms.
- Be aware of your surroundings and ensure that you have a clear and safe area to practice shooting.

## Specific Safety Precautions for Use

- This kit is not suitable for use in pistols equipped with the B series firingpin block. Ensure compatibility before installation.
- The installation of this kit should only be performed by individuals who are knowledgeable about firearm mechanics. If you are unsure, seek assistance from a qualified gunsmith.
- After installation, perform a function check to ensure that the trigger operates correctly before using your firearm.
- Always verify that your firearm is unloaded before performing any maintenance or modifications.
- If you experience any issues with the operation of your firearm after installation, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have the necessary tools for installation, including screwdrivers and any other required equipment.
- Clear your workspace and ensure that you have adequate lighting.

### 2. Disassembly:

- Unload your CZ Shadow 2 and ensure that it is completely safe.
- Follow the manufacturer's instructions to disassemble your pistol. Remove the slide and frame as directed.

### 3. Installation of the Kit:

- Remove the factory hammer and sear from the pistol.
- Install the new components from the Apex Tactical Action Enhancement Kit, ensuring that they are seated correctly.
- Match the sear and hammer engagement surfaces to avoid the need for stoning.

### 4. Reassembly:

- Carefully reassemble your pistol according to the manufacturer's guidelines.
- Ensure that all parts are securely in place and that there are no loose components.

#### **5. Function Check:**

- Perform a function check to ensure that the trigger operates smoothly in both doubleaction and singleaction modes.
- Test the trigger pull weights to verify that they meet the specifications provided in the product description.

#### **6. Usage:**

- When using your firearm, ensure that you maintain proper shooting stance and grip.
- Practice regularly to become familiar with the new trigger pull characteristics.

## **Disposal Instructions**

- When disposing of the enhancement kit or any unused parts, follow local regulations for hazardous materials.
- Ensure that all parts are disposed of in a safe manner to prevent accidental use.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product support, please refer to the relevant contact point provided by your retailer or manufacturer.

By following these safety instructions, you can ensure a safe and enjoyable experience with your CZ Shadow 2 Action Enhancement Kit. Always prioritize safety and responsible firearm handling.
