

308 COLLAPSIBLE PRECISION STOCKS - B5 SYSTEMS COLLAPSIBLE PRECISION STOCK COYOTE BROWN- SHORT

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The Precision Stock for AR platform rifles from B5 Systems is redefining what a precision stock really is. Designed to allow for a toolless, fine adjustment of both length of pull and cheek height, the B5 Systems Precision Stock is unique in that it mounts to a carbine or A5 receiver extension to offer greater length of pull adjustability not afforded in other stocks. And not only can you quickly adjust the length of pull with the low profile, no-snap latch, but once you have it set where you need it the latch can be locked in ensuring that's set exactly where you want and need it. Another feature that is unique for a precision stock is that the B5 Systems Precision Stock is compatible with the Law Tactical Folding Stock Adapter for when you need compact or concealed transport options. The front "nose" of the Precision Stock is slanted and shortened to allowing for single point sling use when the stock is collapsed. Sling mounting options are plentiful with left and right limited rotation steel QD cups, as well as two fixed sling mounts. Underneath you'll find M-LOK attachment sections for mounting of monopods or other attachments. The B5 Systems Precision Stock will come in two models with one designed specifically for the AR-15 and one designed for the ARs in 7.62 or 6.5CM. The difference between the two lies in the length of the cheek piece with each model allow for platform correct full usage of the charging handle with the cheek piece in the raised position.

Attributes

- Name: [B5 SYSTEMS COLLAPSIBLE PRECISION STOCK COYOTE BROWN- SHORT](#)
- Manufacturer: [B5 SYSTEMS](#)

Safety Instruction Guide for B5 Systems Collapsible Precision Stock

Introduction

Thank you for choosing the B5 Systems Collapsible Precision Stock. This guide provides essential safety instructions and usage information to ensure safe and effective operation of your product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that all parts of the stock are installed correctly before use.
- Regularly inspect the stock for any signs of wear or damage.
- Always handle your firearm with care and follow all safety protocols.
- Keep this product out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- When adjusting the length of pull or cheek height, ensure that your hands are clear of moving parts to avoid injury.
- Always ensure the firearm is unloaded before installing or adjusting the stock.
- Use the stock only with compatible AR platform rifles to avoid malfunction.
- If using the Law Tactical Folding Stock Adapter, ensure it is properly installed and secured.
- Be aware of the sling mounting options and ensure they are used correctly to avoid accidents during handling.
- Do not exceed the manufacturer's specified limits for adjustments.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from the receiver extension.
- Align the B5 Systems Precision Stock with the receiver extension.
- Securely fasten the stock to the receiver extension using the provided hardware.
- Check that the stock is securely attached and does not wobble.

2. Adjusting Length of Pull and Cheek Height

- Locate the low profile, nosnag latch on the stock.
- To adjust the length of pull, pull the latch and slide the stock to the desired length.
- Release the latch to lock the stock in place. Ensure it is securely locked.
- For cheek height adjustment, follow the same procedure as above, ensuring the cheek piece is in the desired position.

3. Using the Stock

- When using the stock in a collapsed position, ensure that the front "nose" is slanted to allow for single point sling use.
- Utilize the left and right limited rotation steel QD cups and fixed sling mounts for secure sling attachment.

- For additional stability, attach monopods or other accessories using the MLOK sections under the stock.

4. Regular Maintenance

- Periodically inspect the stock for wear and tear.
- Clean the stock with a damp cloth to remove dirt and debris.
- Do not use harsh chemicals or solvents that may damage the stock.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and plastic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling components where possible.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the contact details provided by the manufacturer. Always ensure that you are using the most up-to-date information regarding safety and usage.

Thank you for taking the time to read this safety instruction guide. Your safety and the safety of others is our top priority.
