Safety Instruction Guide for LOW PROFILE GAS BLOCKS PHASE 5 TACTICAL SET SCREWS STYLE LO PROFILE GAS BLOCK

Introduction

Thank you for choosing the LOW PROFILE GAS BLOCKS PHASE 5 TACTICAL SET SCREWS STYLE LO PROFILE GAS BLOCK. This product is designed to enhance your firearm's performance while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper use, installation, and disposal of this product.

General Safety Guidelines

- Ensure that the gas block is compatible with your firearm. This product is designed for 0.750" barrels.
- Always handle firearms with care and ensure they are unloaded before installation or maintenance.
- Keep the gas block and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the gas block for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use this gas block with compatible firearms (AR15) and ensure that it is properly installed.
- Do not exceed the manufacturer's specifications for installation and use.
- Avoid using the gas block if you notice any abnormalities in its structure or performance.
- Always wear appropriate safety gear, such as eye protection, when working with firearms.
- Be cautious of hot surfaces during and after firing, as parts of the gas block may become heated.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and safe to work on.
- Gather necessary tools, including a set screw driver and any other required tools for installation.

2. Installation:

- Remove the existing front sight from your firearm.
- Position the LOW PROFILE GAS BLOCK over the gas port of your barrel.
- For the clamp style, use the two clamping screws to secure the gas block firmly in place.
- For the set screw style, tighten the set screw to secure the gas block.
- Ensure that the gas block is aligned properly and that the gas tube roll pin is installed if necessary (note: roll pin is not included with the gas block).

3. Usage:

- After installation, conduct a function check to ensure that the gas block operates correctly.
- Monitor the performance of the gas block during use, checking for any signs of malfunction or wear.
- Clean the gas block regularly to maintain optimal performance.

Disposal Instructions

- Dispose of the gas block and any associated components in accordance with local regulations.
- Do not dispose of the gas block in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of firearm components.

Contact Information for Further Support
