## A Restricted-Capacity 9mm Mag for Your AR-15 Conversion

For AR-15 and pistol-caliber carbine enthusiasts living in capacity-restricted states, Mean Arms developed its AR-9 Endomags, which are limited to 10 rounds and designed for use in traditional AR-15 magazine wells. Thanks to this design, these enthusiasts can top their standard AR-15 lower with a 9mm upper receiver and plink away or join the fast-growing PCC clubs across the country. Built using either a Gen 2 or Gen 3 Magpul PMAG, the Mean Arms AR-9 Endomag fits all standard AR-15 magazine wells and is compliant as an unmodifiable, 10-round magazine due to the fixed baseplate. The magazine is designed for use with Glock- or Colt-pattern bolt-carrier groups. The product functions with all standard 9mm ammunition and will fit with all accessories designed for use with Magpul PMAGs.

# AR9 Endomags 9MM 10Round Safety Instruction Guide

## Introduction

Thank you for choosing the AR9 Endomags 9MM 10Round magazine. This guide provides essential safety instructions to ensure the safe use and handling of your product. It is important to read and understand these instructions before using the magazine.

## General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding firearm magazines and ammunition.
- Always treat every firearm and magazine as if they are loaded, even if you believe they are not.
- Store the magazine and ammunition in a secure location, away from children and unauthorized users.
- Inspect the magazine regularly for signs of wear or damage. Do not use if any defects are found.
- Always use appropriate personal protective equipment (PPE) when handling firearms and ammunition.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Only use the AR9 Endomag with compatible firearms, such as AR15 lower receivers with 9mm upper receivers.
- Ensure the magazine is properly seated in the magazine well before attempting to load or fire.
- Use only 9mm Luger ammunition with this magazine. Other calibers may pose a safety risk.
- Do not attempt to modify or disassemble the magazine, as it is designed to be a fixed 10round magazine.
- Keep fingers and other body parts clear of the ejection port and magazine well when loading or unloading the firearm.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the AR9 Endomag with the magazine well of the AR15 lower receiver.
- Push the magazine firmly into the magazine well until it clicks into place.
- Verify that the magazine is securely seated by gently pulling on it.

### 2. Loading:

- Hold the magazine in one hand and use the other hand to load 9mm Luger ammunition into the magazine.
- Load the ammunition from the top, ensuring that the rounds are seated properly.
- Do not exceed the 10round capacity of the magazine.

### 3. Usage:

- Once loaded, insert the magazine into the firearm as described in the installation section.
- Ensure the firearm is in a safe condition before firing.
- Follow all standard firearm safety practices while shooting.

### 4. Unloading:

- Remove the magazine from the firearm by pressing the magazine release button.
- Ensure the firearm is pointed in a safe direction while unloading.
- Remove any remaining rounds from the magazine after use.

## **Disposal Instructions**

- Dispose of the magazine in accordance with local regulations regarding firearm accessories.
- If the magazine is damaged or no longer functional, consult local waste management regulations for proper disposal methods.
- Do not dispose of the magazine in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the AR9 Endomags 9MM 10Round magazine, please refer to the manufacturer's website or contact your local dealer for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your AR9 Endomags 9MM 10Round magazine. Thank you for your attention to safety.
