

BA HYBRID REMINGTON 700 CHASSIS - REMINGTON 700 SA RIGHT HAND, TUNGSTEN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The Masterpiece Arms Rifle Chassis provides unparalleled customization and accuracy for your Remington 700 barreled action. The V-Bedding System allows for drop-in accuracy, but the design will also accommodate bedding of the action. The BA Hybrid Chassis is nearly 2 lbs lighter than their flagship BA and Comp Chassis. With it's reduced weight, it's a popular choice when a lighter rifle set up is desired, without sacrificing the features and benefits of our full size chassis. The chassis is machined from 6061 aluminum. It comes standard with a Bipod Pic Rail and includes the MPA buttstock with adjustable length of pull, recoil pad with height and cant adjustment, adjustable cheek riser and bag rider.

Includes: V-Bedding System
MPA Buttstock with Adjustable Cheek Riser and Length of Pull EVG Pistol Grip
Bag Rider Lower Picatinny Rail Multiple QD Sling Swivel Locations Unique Pocketing System reduces weight and increases structural integrity of the chassis Adjustable Length of Pull 13.50-14.75" Recoil Pad is adjustable for Height and Cant Lug Lock System (for 0.250-0.375 thick lugs)* Built in leveling system (inclinometer) Machined Thumb Notch Weighs 3.5 lbs

BA Hybrid Remington 700 Chassis Safety Instruction Guide

Introduction

Thank you for choosing the BA Hybrid Remington 700 Chassis. This guide provides essential safety instructions to ensure the proper use and maintenance of your chassis. Please read this document carefully to understand the safety guidelines and precautions necessary for safe operation.

General Safety Guidelines

- Always handle the chassis and associated firearms with care to prevent accidents.
- Ensure that the chassis is used in accordance with all local laws and regulations regarding firearms.
- Regularly inspect the chassis for any signs of wear or damage, and replace any compromised components immediately.
- Store the chassis in a secure location, away from children and unauthorized users.
- Be aware of your surroundings when using firearms equipped with the chassis to ensure the safety of yourself and others.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attaching or detaching the chassis.
- Always follow the manufacturer's instructions for installation and usage.
- Use only compatible Remington 700 barreled actions with the chassis to avoid malfunctions.
- Do not exceed the recommended weight limits specified for accessories attached to the chassis.
- When adjusting the buttstock, cheek riser, or recoil pad, ensure that all components are securely locked in place before use.
- Avoid using the chassis in extreme weather conditions that could affect the integrity of the materials.
- If you experience any issues with the chassis, discontinue use immediately and consult a qualified professional.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the original stock from your Remington 700 barreled action.
- Carefully align the action with the VBedding System of the chassis.
- Secure the action in place using the provided hardware, ensuring all screws are tightened to the manufacturer's specifications.
- Attach the MPA buttstock, ensuring all adjustments are made according to your preference.
- Install the Bipod Pic Rail and any other accessories as needed.

2. Usage:

- Before each use, conduct a thorough inspection of the chassis and firearm.
- Adjust the length of pull, cheek riser, and recoil pad to fit your body size and shooting style.
- Practice safe shooting techniques and ensure you are familiar with the operation of the chassis and firearm.
- After use, clean the chassis according to the manufacturer's recommendations to maintain its performance and longevity.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- When disposing of the chassis or any components, ensure they are not accessible to children or unauthorized users.
- Consider recycling metal components at a designated facility to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the BA Hybrid Remington 700 Chassis, please refer to the manufacturer's website or customer service resources for assistance.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your BA Hybrid Remington 700 Chassis. Thank you for your attention to safety.
