

AR15 MASTER BENCH BLOCK - REAL AVID AR15 MASTER BENCH BLOCK

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bench & Vise Blocks](#)

An Armorer's Bench Block Built for Every Element of Your Build

Built to provide AR builders with the proverbial extra pair of hands needed when assembling an AR-15, this Real Avid AR-15 Master Bench Block is built with eight different orientations in mind. This allows users to hold five separate components in place during assembly, as well as install up to 13 different pins found in the AR-15 platform. Each Real Avid AR-15 Master Bench Block is coated with a specially developed, no-slip coating, so the block won't slip around on your workbench, and your firearm parts won't slip out of place during your build. Have to knock a pin or spring out of your gun? The Real Avid Master Bench Block is built for that, too! Inside the block, a strong magnet ensures that any pin or spring knocked loose from your rifle is retained. No more chasing those detents across your workshop!

Safety Instruction Guide for Real Avid AR15 Master Bench Block

Introduction

Thank you for choosing the Real Avid AR15 Master Bench Block. This product is designed to assist AR builders by providing a stable and secure platform for assembling AR15 components. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the bench block in a welllit and organized workspace.
- Keep the work area free from clutter and distractions.
- Ensure that all tools and components are in good condition before starting your assembly.
- Store the bench block out of reach of children and pets when not in use.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling firearm parts.

Specific Safety Precautions for Use

- Inspect the bench block for any signs of damage before each use. Do not use if damaged.
- Ensure that the block is placed on a stable surface to prevent slipping.
- Use the noslip coating effectively by ensuring the work surface is clean and dry.
- When using the magnetic feature, be cautious of small metal parts that may be attracted to the magnet.
- Avoid applying excessive force when knocking pins or springs out of your firearm to prevent injury or damage.
- Keep hands and fingers clear of any moving parts during assembly.

Instructions for Installation and Usage

1. Setup:

- Place the Real Avid AR15 Master Bench Block on a flat, stable surface.
- Ensure the area is welllit and free from distractions.

2. Holding Components:

- Identify the components you will be working with and place them in the designated areas of the bench block.
- Use the eight orientations of the bench block to hold components securely during assembly.

3. Pin and Spring Installation:

- When installing pins, align them with the corresponding holes on the firearm.
- Use a hammer or punch tool to gently tap pins into place, ensuring not to apply excessive force.
- For springs, ensure they are seated properly before proceeding with assembly.

4. Using the Magnet:

- If a pin or spring is knocked loose, the internal magnet will hold it in place.
- Retrieve any loose parts carefully to avoid losing them.

5. PostAssembly:

- Once assembly is complete, remove all components from the bench block.
- Clean the bench block with a damp cloth to maintain its condition.

Disposal Instructions

- When the Real Avid AR15 Master Bench Block reaches the end of its life, dispose of it in accordance with local regulations.
- Do not dispose of the bench block in regular household waste if it contains any hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the Real Avid AR15 Master Bench Block, please refer to the official Real Avid website or contact your local distributor for assistance. Always ensure that you have the latest safety information and guidelines.

By following these safety instructions, you can ensure a safe and effective assembly experience with your Real Avid AR15 Master Bench Block. Thank you for your attention to safety and for choosing our product.
