# ARMORER'S MASTER WRENCH Safety Instruction Guide

## Introduction

Thank you for choosing the Real Avid Armorer's Master Wrench. This comprehensive tool is designed for AR15 enthusiasts and professional gunsmiths, providing essential support for the assembly, maintenance, and customization of AR15 rifles. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always read the product manual before use.
- Ensure that the tool is in good condition before each use; check for any signs of damage.
- Use the wrench only for its intended purpose as described in the manual.
- Keep the tool out of reach of children and vulnerable individuals.
- Do not use the tool if you are under the influence of drugs, alcohol, or any substances that may impair your judgment.
- Ensure you are in a welllit area when using the wrench.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when using the tool.
- Be aware of your surroundings and ensure that no one is in the vicinity of your work area.

## Specific Safety Precautions for Use

- **Ergonomic Grip:** Always maintain a firm grip on the wrench. The noslip coating is designed to enhance control, but ensure your hands are dry and clean.
- **Integrated Hammer:** When using the hammer feature, ensure that the interchangeable heads are securely attached. Use nonmarring surfaces when installing pins to avoid damage to components.
- **Versatile Engagement Surfaces:** Make sure to match the correct surface of the wrench to the corresponding component to prevent slipping or damage.
- **Compatibility:** This tool is specifically designed for AR15 platforms. Do not use it on other types of firearms or components.
- **Assembly and Maintenance:** Ensure the firearm is unloaded and safe before performing any assembly or maintenance tasks.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the workspace is clean and organized.
- Gather all necessary components and tools.

### 2. Using the Wrench:

- Select the appropriate engagement surface based on the component you are working with (e.g., barrel nut, castle nut).
- Position the wrench securely on the component and apply steady pressure.
- If using the hammer feature, gently tap the hammer on the reverse side of the head to avoid damaging components.

### 3. Interchangeable Hammer Heads:

- To change the hammer head, ensure the wrench is not in use.

- Unscrew the current hammer head and replace it with the desired nonmarring head.
- Tighten securely before use.

#### **4. PostUse Care:**

- Clean the wrench after each use to remove any debris or residue.
- Store the wrench in a safe, dry place away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of the tool responsibly at the end of its life cycle.
- Do not dispose of the tool in regular household waste.
- Check local regulations for proper disposal methods of tools and metal products.
- Consider recycling the tool if possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to your local regulations or authorized retailers for assistance. Always ensure that you have the latest information regarding product recalls or safety notices.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with the Real Avid Armorer's Master Wrench. Thank you for your attention to safety, and enjoy your tool!
