

TIKKA T1X 1913 IMPROVED SCOPE RAIL - AREA 419 TIKKA T1X IMPROVED RAIL, 30 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

An Enhanced Optics Rail for Your Tikka Rifle

You might not think that an optics rail for the Tikka T1X needs much improvement, but the little elements matter, and Area 419 offers its enhanced 1913 Improved Scope Rail to owners of the Tikka T1X as a must-have platform improvement. Each Area 419 Tikka T1X 1913 Improved Scope Rail is machined from 7075 aluminum using the company's 4-axis HAAS VMX. All of the sharp edges have been cleaned, corners radiused and any potential snagging spots on the rail have been removed, giving the entire unit a clean, sleek look. The Improved Scope Rail ships with the stainless recoil pin for receivers that have an available mounting hole, but the rail will still fit on rifle receivers that do not have a mounting hole. Each optics rail is mounted using T10 Torx screws, and the rail can be had with 15- or 30-MOA of elevation built into it.

Attributes

- Name: [AREA 419 TIKKA T1X IMPROVED RAIL, 30 MOA](#)

TIKKA T1X 1913 Improved Scope Rail Safety Instructions

Introduction

Thank you for choosing the TIKKA T1X 1913 Improved Scope Rail by Area 419. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your product. Please read this manual carefully before use to familiarize yourself with the necessary precautions.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified by the manufacturer.
- Always inspect the scope rail for any damage or wear before installation and use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Follow all local laws and regulations regarding the use of firearm accessories.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper installation may lead to scope misalignment or detachment, posing a safety risk.
 - Sharp edges may cause cuts or injuries during handling.
- **Avoiding Hazards:**
 - Always handle the scope rail with care to avoid injury from sharp edges.
 - Ensure the rail is securely mounted to prevent detachment during use.
 - Do not exceed the recommended weight limits for attachments on the rail.

Instructions for Installation and Usage

1. Installation:

- Gather all necessary tools, including T10 Torx screws and a suitable screwdriver.
- Ensure the rifle receiver is clean and free of debris.
- Align the scope rail with the mounting holes on the rifle receiver.
- Secure the rail using the T10 Torx screws provided. Do not overtighten to avoid damaging the rail or receiver.
- If your receiver does not have a mounting hole, the rail can still be fitted securely.

2. Usage:

- Once installed, check that the scope is securely attached to the rail.
- Regularly inspect the rail and scope for any signs of wear or damage during use.
- If you notice any issues, discontinue use immediately and consult a professional.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries related to safety or product support, please reach out to your local Area 419 distributor or authorized dealer. They are equipped to provide assistance and further information regarding your TIKKA T1X 1913 Improved Scope Rail.

Thank you for prioritizing safety and enjoying your product responsibly.
